I-4 Amendment of Rules

New Rules of the Exchange may be adopted, and existing Rules of the Exchange may be amended or repealed, by the Board of Directors. All such new Rules of the Exchange, amendments or repeals shall become effective on such date (after any required certification with or approval thereof by the CFTC) as may be determined by the Exchange.

I-5 Hierarchy of Interpretation of Rules

(a) The Rules are divided into three Parts. The rules specific to the FMX Division are included in Part A, the General Rules of the Exchange are included in Part B, and the rules specific to the CX Division are located in Part C. Notwithstanding any provision of these Rules to the contrary, in the event of any conflict between a Rule in Part A governing the FMX Division and a General Rule of the Exchange in Part B of this Rulebook, the Part A Rule shall govern, or in the event of any conflict between a Rule in Part C governing the CX Division and a General Rule of the Exchange in Part B of this Rulebook, the Part C Rule shall govern.

(b) Notwithstanding any provision of these Rules to the contrary, in the event of any conflict between a Rule in Parts A, B or C of this Rulebook and a specific Contract Rule in Chapter V for FMX Division Contracts or Chapter XXV for CX Division Contracts, the specific Contract Rules shall govern with respect to trading in the relevant Contract.

(c) Notwithstanding the generality of Rule I-5(a) or anything to the contrary in Rule II-5, the Contract Rules for each individual Contract may specify whether such Contract may be settled via cash settlement, physical delivery of the underlying commodity, or by any other means, as applicable.

CHAPTER II ADMISSION TO TRADE CONTRACTS

II-1 FMX Participants and FMX Trading Accounts

(a) Each FMX Participant, its Responsible Trading Agents and Direct Access Customers shall have the right to access the Exchange Trading System, including the right to place Orders for FMX Trading Accounts as provided in this Chapter.

(b) Upon application to the Exchange and an explanation of the reasons and uses therefore, the Exchange in its discretion may permit an FMX Participant to maintain more than one proprietary FMX Trading Account, provided however, FMX Participants need not provide an explanation for maintaining a proprietary account and one or more Customer accounts.

(c) In the event that the Exchange determines that FMX Participants may be permitted to maintain more than one Trading Account as described in paragraph (b) of this Rule, each FMX Participant shall designate each of its Responsible Trading Agents or Direct Access Customers, as the case may be, to trade any or all of the FMX Participant's Customer accounts, provided that an FMX Participant shall at all times be responsible for all of its FMX Trading Accounts as set forth under these Rules, including any providing direct access to an Direct Access Customer, as provided under Rule II-3.

(d) Subject to the requirements and procedures set forth in these Chapters II and III, FMX Trading Privileges shall be offered to all applicants eligible to be FMX Participants as determined by the Exchange, subject to any limitations or restrictions imposed by the Exchange. FMX Trading Privileges are non-transferable, non-assignable, may not be sold or leased, and are specifically limited to the category of FMX Division Contracts to which such FMX Trading Privileges are granted.

(e) By virtue of obtaining FMX Trading Privileges, an FMX Participant shall not obtain any equity or other interest in the Exchange, including voting rights or rights to receive any dividends or other distributions, whether arising from a dissolution, merger, consolidation involving the Exchange or otherwise, unless specifically so provided by agreement with the Exchange.

II-2 Responsible Trading Agents

(a) Each FMX Participant or Direct Access Customer, as applicable, shall appoint one or more individuals to act as a Responsible Trading Agent.

(b) FMX Participants or Direct Access Customers may appoint a third party as their Responsible Trading Agent, pursuant to a power of attorney or other instrument, in a form prescribed or approved by the Exchange, providing such third party with discretionary trading authority with respect to the FMX Participant's Trading Account.

(c) Each FMX Participant may at any time revoke an authorization granted by it to any Responsible Trading Agent or Direct Access Customer by providing written notice of such revocation to the Exchange, such written notification may be by electronic mail. An FMX Participant shall take immediate measures appropriate to ensure that, after such revocation, (i) the affected Responsible Trading Agent or Direct Access Customer shall not have access to the Exchange Trading System or (ii) the affected Responsible Trading Agent or Direct Access Customer shall not utilize its User ID, and the Exchange shall act promptly, but in any event within one (1) Business Day of receiving notice from the FMX Participant, to disallow Order entry by any such Person.

(d) Without limiting the foregoing, each Responsible Trading Agent will consent, in a form satisfactory to the Exchange, to abide by these Rules and Applicable Law prior to accessing the Exchange Trading System, and each FMX Participant will ensure on an ongoing basis that

(i) none of its Responsible Trading Agents or Direct Access Customers is subject to a disqualification pursuant to Section 8a(2) of the CEA (unless an appropriate exemption has been obtained with respect thereto),

(ii) each of its Responsible Trading Agents will be technically proficient,

(iii) each of its Responsible Trading Agents will conduct its business in a fair and equitable manner, and

(iv) each of its Responsible Trading Agents will conduct its business in accordance with these Rules.

II-3 Direct Access Customers

(a) Subject to Rule XII-13, each FMX Participant may provide one or more of its Customers direct access to the Exchange Trading System, and any such Customer will become a Direct Access Customer for purposes of these Rules and shall be entitled to exercise FMX Trading Privileges and to access the Exchange Trading System directly, subject to the terms and conditions of these Rules.

(b) Any FMX Participant wishing to designate a Direct Access Customer shall notify the Exchange and must obtain from each Direct Access Customer an agreement, in the form specified by the Exchange, pursuant to which, among other things, the Direct Access Customer agrees to comply with these Rules and Applicable Law. Each Direct Access Customer must satisfy such requirements as may be prescribed by the Exchange from time to time and shall be subject to

the disciplinary authority of the Exchange and possible fine or restriction or revocation of Trading Privileges.

(c) Direct Access Customers of any FMX Participant may access the Exchange Trading System directly, provided that the following provisions of this Rule II-3 are satisfied:

(i) The FMX Participant must be an FCM and the Customer Account must be with the FMX Participant.

(ii) The FMX Participant must provide to the Exchange, in a form acceptable to the Exchange, evidence of a guaranty from a Clearing Member for the Direct Access Customer's account or an omnibus account in the name of the FMX Participant through which the Direct Access Customer is trading, assuring the financial performance of all trades and positions for that account.

(iii) The FMX Participant shall provide to the Control Desk such information as shall be requested pertaining to the Direct Access Customer for which access is sought, including but not limited to, name, address, account number assigned by the FMX Participant, any give-up information, email address and telephone numbers. The FMX Participant shall identify the Direct Access Customer's Administrator.

(iv) The Control Desk, once it is satisfied that all requested information has been provided, shall issue to the FMX Participant's Administrator a User ID and Password or identifiers and Passwords for use by such Direct Access Customer.

(v) Only once all requirements are met, risk controls have been established, and the Exchange is satisfied in its sole discretion with the information provided shall the Exchange enable the User ID to be used by the Direct Access Customer for purposes of trading on the Exchange Trading System. Notwithstanding the foregoing, the FMX Participant shall remain responsible in accordance with these Rules for the acts and omissions of any of its Direct Access Customers, regardless of the level of risk controls set by the Clearing Member and the approval of such risk controls by the Exchange.

(d) The Exchange may deny (or may condition) or revoke the grant of Trading Privileges to any Person:

(i) who is a Direct Access Customer or an FMX Participant through which a Direct Access Customer or Customer trades and, in any such case, any such Direct Access Customer or Customer maintains a position in any Contract that, when considered in light of the other positions maintained by the FMX Participant through which such Direct Access Customer or Customer trades and any other factors that the Exchange reasonably deems relevant, including, as applicable, (A) the positions maintained by such FMX Participant, such FMX Participant's Responsible Trading Agents and such FMX Participant's other Customers, (B) the required financial information provided by such FMX Participant and (C) the level of margin maintained by such FMX Participant at such FMX Participant's Clearing Member, the Exchange reasonably believes could jeopardize the financial safety of such FMX Participant or any of such FMX Participant's other Customers.

(ii) For the avoidance of doubt, any limitation, suspension or revocation of Trading Privileges pursuant to Rule II-3(d), in the sole discretion of the Exchange,

(A) may take the form of (x) a full suspension or revocation of Trading Privileges, (y) a requirement that the positions at issue be immediately liquidated in full or reduced to a reasonable level to be set by the Exchange as a condition to the Trading Privileges remaining in effect or (z) a prohibition on the use of such Trading Privileges in respect of the trades of any Customer identified by the Exchange;

(B) may be applied to the Trading Privileges of the Direct Access Customer or FMX Participant at issue, such Direct Access Customer's FMX Participant or the other Direct Access Customers and Responsible Trading Agents of such FMX Participant, in each case, as deemed reasonably necessary by the Exchange for the protection of such Persons and other FMX Participants of the Exchange; and

(C) in the case of any suspension, revocation or limitation of the Trading Privileges of any Responsible Trading Agents or Direct Access Customer of any FMX Participant pursuant to this Rule II-3 may also suspend, revoke or limit the Trading Privileges of such FMX Participant or such FMX Participant's Responsible Trading Agents or Direct Access Customers, as the Exchange deems necessary to protect its other FMX Participants and the integrity of the Exchange Trading System.

II-4 FMX Trading Privileges

(a) For purposes of these Rules, any reference to (i) the FMX Trading Privileges of an FMX Participant shall also be deemed to refer and apply to the exercise of Trading Privileges by any of such FMX Participant's Responsible Trading Agents and Direct Access Customers, (ii) an FMX Participant submitting or receiving Orders, bids, offers or Message Traffic into or from the Exchange Trading System or trading subject to Exchange rules, shall be deemed also to refer and apply to any such actions engaged in by any of such FMX Participant's Responsible Trading Agents and Direct Access Customers and (iii) the knowledge of, or matters known to, any FMX Participant shall be deemed also to refer to and include the knowledge of, or matters known to, its Responsible Trading Agents, other personnel and Direct Access Customers.

(b) Each Direct Access Customer shall be deemed to be a "member" of the Exchange for all purposes under the CEA.

II-5 Eligibility

(a) None of BGC Group, Inc., Cantor Fitzgerald, L.P., or any Person Affiliated with either of the foregoing may become an Asset Manager Customer, Customer, Direct Access Customer, FMX Participant, or Qualified Market Maker, and no Person may designate the employees or agents of any of the foregoing as a Responsible Trading Agent.

(b) To be eligible to become an FMX Participant, applicants initially and on a continuing basis thereafter, must (i) satisfy such financial criteria as may be prescribed by the Exchange from time to time; (ii) have sufficient technical and operational capabilities to fulfill any other obligations applicable to FMX Participants, their Responsible Trading Agents or Direct Access Customers as may from time to time be required by the Exchange; and (iii) satisfy such other requirements or criteria as may from time to time be adopted by the Exchange.

(c) In considering any applicant for status as an FMX Participant, Responsible Trading Agent, or Direct Access Customer, the Exchange may request additional information, or employ such other means that it deems desirable or appropriate, to ascertain relevant facts bearing on the applicant's qualifications.

(d) The Exchange may limit an FMX Participant to trading specified FMX Division Contracts based upon financial, regulatory or other criteria established by the Exchange that are impartial and transparent and that are applied in a non-discriminatory manner.

(e) An FMX Participant may trade on the CX Division only if also admitted as a CX Participant.

(f) The Exchange in its sole discretion may deny (or may condition) the grant of FMX Trading Privileges of any FMX Participant, Responsible Trading Agent or Direct Access Customer:

(i) if such Person is unable satisfactorily to demonstrate a capacity to adhere to all applicable Rules of the Exchange, Rules of LCH Limited and CFTC Regulations, including, to the extent applicable, those concerning record-keeping, reporting, finance and trading procedures,

(ii) if such Person would bring the Exchange into disrepute, or

(iii) for such other causes as the Exchange may determine from time to time.

(g) The Exchange in its sole discretion may condition or revoke an FMX Participant's Trading Privileges or, in the case of a Responsible Trading Agent or Direct Access Customer condition or revoke its association with an FMX Participant or its access rights, respectively, if any of the circumstances specified in the preceding paragraph (e) exist with respect to such FMX Participant, Responsible Trading Agent, or Direct Access Customer or if such FMX Participant, Responsible Trading Agent or Direct Access Customer:

(i) fails to meet any of the qualification requirements for FMX Trading Privileges or association or direct access after such FMX Trading Privileges, association or direct access have been approved;

(ii) fails to meet any condition placed by the Exchange on such FMX Trading Privileges, association; or direct access; or

(iii) violates any agreement with, or Rule of, the Exchange.

II-6 Application for FMX Trading Privileges

(a) Each application to become an FMX Participant or a Direct Access Customer shall be in such form as may from time to time be prescribed by the Exchange. Each applicant to become an FMX Participant or a Direct Access Customer shall promptly update the applicable application materials if any of the information provided therein becomes inaccurate or incomplete. The Exchange shall act upon, and approve or disapprove, any such application without unreasonable delay.

(b) Each applicant to become an FMX Participant or Direct Access Customer shall:

(i) submit to the Exchange executed forms of all applicable application documents;

(ii) pay to the Exchange such initial fees as may be prescribed by the Exchange from time to time; and

(iii) agree in written or electronic form to abide by these Rules and Applicable Law.

(c) Upon the Exchange's approval of an applicant's FMX Participant application and upon the Exchange's confirmation that the initial fee payable by the applicant, as may be prescribed, has been paid to the Exchange, the applicant shall become an FMX Participant or a Direct Access Customer within the participation category or categories so approved and obtain FMX Trading Privileges applicable to that category or categories.

(d) Any Person who has been denied FMX Trading Privileges or granted only conditional FMX Trading Privileges pursuant to this Rule II-6 and any Person who is not permitted to keep its FMX Trading Privileges or whose FMX Trading Privileges are conditioned pursuant to this Rule II-6 may appeal the Exchange's decision in accordance with the provisions of Chapter XIV relating to disciplinary proceeding appeals.

II-7 Front-End User Interface and Independent Software Vendors

(a) Access to the Exchange by any FMX Participant using the front-end interface (or any other system) of an Independent Software Vendor shall be impartial, subject to Exchange criteria that are transparent and applied in a non-discriminatory manner. Each FMX Participant shall be solely responsible for ensuring that any front-end interface connecting to the Exchange Trading System that is not provided by the Exchange, and that is used by the Participant, its Responsible Trading Agents or Direct Access Customers, is in compliance, in design and operation, with Applicable Law and these Rules.

(b) Any Independent Software Vendor wishing to access the Exchange may do so if it demonstrates that it is able to meet the technical, operational and other conditions set forth by the Exchange. Such conditions shall apply equally to all Independent Software Vendor applicants. All Independent Software Vendors receiving equal access to, or services from, the Exchange shall be subject to comparable fee structures.

II-8 Financial and Risk Management Requirements for an FMX Participant that is an FCM; Requirements for an FMX Participant that is an Introducing Broker

(a) Any FMX Participant that is an FCM and/or is a Clearing Member shall be required to comply with the minimum financial requirements described in Section 1.17 of the CFTC Regulations and other Applicable Law, and deliver to the Exchange a copy of any financial information (including any accountant's certifications thereon) required by Section 1.10 of the CFTC Regulations to be filed with the CFTC or provided to the FCM's designated self-regulatory organization (the "Required Financial Information"), in each case, within the time periods prescribed for such filing or delivery in Section 1.10 of the CFTC Regulations.

(b) Any Participant that is an FCM shall be required to comply with the risk management program requirements of CFTC Regulation 1.11.

(c) Any FMX Participant that is an Introducing Broker shall be required to comply with the minimum financial requirements described in Section 1.17 of the CFTC Regulations and other Applicable law and notify the Exchange immediately if at any time its adjusted net capital falls below that amount.

CHAPTER III FMX TRADING STANDARDS

III-1 FMX Division Contracts

(a) The Exchange shall determine which FMX Division Contracts are available for trading subject to the Rules of the Exchange from time to time and, subject to the provisions of Chapter V, approve rules containing the specifications for such FMX Division Contracts, *provided* that certifications or applications with respect to such FMX Division Contracts shall be submitted to the CFTC as required by the CEA and CFTC Regulations.

(b) FMX Division Contracts shall be traded by an FMX Participant for its own account or for the account of its customers and will be cleared through LCH Limited.

III-2 Trading Days and Trading Hours

(a) The Exchange shall from time to time determine (a) the Trading Days during any particular calendar year and (b) the Trading Hours with respect to any particular FMX Division Contract. All time references shall be based on local time prevailing in The City of New York, New York, unless otherwise expressly set forth in the relevant FMX Division Contract Rules. Opening times start on the first second of the minute cited. Closing times end on the first second of the minute cited. Trading Hours may vary among different FMX Division Contracts. No FMX Participant may make any bid or offer for, or engage in any transaction in, any FMX Division Contract before or after such hours.

(b) Trading will be suspended during periods the Exchange schedules for routine maintenance and during any announced periods of non-routine maintenance. In the event that trading is suspended either for routine or non-routine maintenance, notice will be given to FMX Participants as promptly as practicable both by posting of a notice on the Exchange's website and by e-mail directly to each Participant.

(c) The Control Desk will be staffed and will operate at all times during the Trading Hours of any FMX Division Contract.

III-3 FMX Division Contract Order Entry

The Responsible Trading Agents of each FMX Participant or Direct Access Customer shall enter Orders by electronic transmission and shall provide the information required by the Exchange Trading System for such FMX Division Contract. Orders must be in accordance with any parameters with respect to size and price as the Exchange in its discretion shall establish from time to time. The Exchange shall maintain an electronic record of Order entries. Each FMX Participant shall be responsible for any and all Orders in each of its Trading Accounts entered by any of its Direct Access Customers, its Responsible Trading Agents or its Direct Access Customers' Responsible Trading Agents.

III-4 Acceptable FMX Division Contract Orders

The Order type or types available on the Exchange Trading System for each FMX Division Contract is at the discretion of the Exchange from among the following basic Order types with or without modification:

(a) Basic Order types:

Cancel Order. A "Cancel Order" is an Order that cancels fully an existing buy or sell order.

Limit Order. A "Limit Order" is an Order to purchase or sell a Contract at a specified price or better. A Limit Order will be executed when entered to the extent that there are opposite Orders open in the Exchange Trading System, with any balance to remain as an open Order until it is executed or is cancelled, or until it expires at the End of Trading on the Trading Day designated on such Order.

Market to Limit Order. A "Market to Limit Order" is an order that is submitted to execute at the current best market price including a limit to be used as the floor or ceiling price. If the order is only partially filled, the remainder of the order is canceled and re-submitted as a Limit Order with the limit price equal to the last price at which the filled portion of the order executed.

Market With Protection Order. A "Market With Protection Order" is a market order that is filled within a Protected Range. A Market With Protection Order enters the order book as a Limit Order with the limit price equal to the price prevailing in the Exchange Trading System at the time the Market With Protection Order is entered into the Exchange Trading System, plus or minus the Protected Range. The Order is executed at all price levels between the prevailing market price and limit price. If the Order is not completely filled, the unfilled quantity becomes a Limit Order with the limit price being set at the limit price of the Protected Range.

Stop Limit Order. A "Stop Limit Order" is an Order to buy or sell a stated number of Contracts at the best obtainable price as soon as a user-specified stop price is reached but only to a user-specified limit price. A buy Stop Limit Order becomes a Limit Order

when the Contract trades at or above the specified stop price, whereas a sell Stop Limit Order becomes a Limit Order when the Contract trades at or below the specified stop price. Stop Limit Orders must be submitted with a specified stop price and a specified limit price.

Stop With Protection Order. A “Stop With Protection Order” is a Stop Limit Order that is filled within a Protected Range (as defined below). A Stop With Protection Order is triggered when a user-designated trigger price is traded on the Exchange Trading System. The Order then enters the order book as a Limit Order with the limit price equal to the trigger price, plus or minus the pre-defined Protected Range. The “Protected Range” is set by the Exchange and is typically the trigger price, plus or minus 50 percent of the No Bust Range for that product. The Order is executed at all price levels between the trigger price and limit price. If the Order is not completely filled, the remaining quantity rests in the Exchange Trading System at the limit price. A buy Stop With Protection Order must have a trigger price greater than the last traded price for the Contract. A sell Stop With Protection Order must have a trigger price lower than the last traded price for the Contract.

(b) Order Modifiers are:

Cancel Replace Order. A “Cancel Replace Order” is an Order to cancel the unfilled quantity of an existing buy or sell Order and replace it with a new Order for a different quantity and/or price.

Fill or Kill (FOK) Order. A “Fill or Kill Order” is executed, with one or multiple executions, against any existing Orders at the stated price or better, but only in the whole volume designated on the Order, as soon as the Order is received within a designated time period. If a Fill or Kill Order cannot be executed in whole, the Fill or Kill Order shall be cancelled. Fill or Kill Orders must be submitted with a specified volume. Fill or Kill Orders may be used with the following Order types: Limit Orders and Stop Limit Orders.

Iceberg Order. An “Iceberg Order” involves matching a displayed quantity before filling a Reserve Quantity at a requested price level. Random display sizes can be produced by the Exchange Trading System within a minimum and maximum value provided by the user. The displayable portion of the Order will always be restricted by such parameters sent with the request. Reserve quantity will not be displayed, nor will any indicator be contained in the market data stream to expose its presence. Reserve may be used with the following Order types: Limit Orders and Stop Limit Orders.

(c) Combination Orders:

The Exchange may provide for the entry of Combination Orders into the Exchange Trading System. Any Combination Order may be matched against another Combination Order on the other side of the market provided that the Exchange Trading System maintains an order book for such Combination Orders. If an incoming Combination Order can be matched at a price more favorable to the Participant, or the Participant’s Customer if it is a Customer Order, entering the Combination Order by matching against Orders not in the Combination Order books, the Exchange Trading System, where and as possible shall

match the incoming Combination Order against Orders for two or more Contracts which together match the requirements of the Combination Order; provided that such Order match shall not be guaranteed by the Exchange Trading System.

III-5 Information Regarding FMX Division Contract Orders

The Exchange may make information regarding FMX Division Contract Orders (including prices bid or offered), and any other matters it may deem appropriate available to Participants, Direct Access Customers and their Responsible Trading Agents and other Persons at such times and in such manner (whether through the Exchange Trading System, a ticker, financial information services or otherwise) as it may consider necessary or advisable from time to time.

Each Participant, Direct Access Customer, Responsible Trading Agent or other Person receiving any such information through the Exchange Trading System is expressly prohibited from redistributing such information unless expressly permitted by the Exchange. Employees and agents of the Exchange shall have access to the offices of any Participant, its Direct Access Customers and each of their Responsible Trading Agents or other Persons receiving information through the Exchange Trading System during regular business hours and in a commercially reasonable manner in order to observe the compliance by such Persons of this Rule.

III-6 Pre-Execution Discussions and Cross Trades of FMX Division Contract

(a) No Person shall enter through the Exchange Trading System into a pre-discussed transaction or assume on its own behalf or on behalf of a Customer the opposite side of its own order or its Customer's order (a "Cross Trade"), except if the following conditions have been met:

(i) the Person is entering into both sides of a Customer Order on a non-discretionary basis and prior written blanket or transaction-specific consent has been obtained in respect of any relevant Customer Account and the Person waits for a reasonable period of time, which shall be not less than five (5) seconds, after the initial Order is submitted before submitting the opposite side Order, or

(ii) the trade is executed by two (2) FMX Participants trading for the same account, or for separate accounts of the same beneficial ownership, where neither FMX Participant has knowledge of the other's Order and there is no coordination or prearrangement of the Cross Trade, provided that the relevant FMX Participant shall be responsible, upon the request of the Exchange, to demonstrate to the reasonable satisfaction of the Exchange, that neither FMX Participant had knowledge of the other's Order.

(b) No Person may enter into a pre-discussed trade except if the following condition has been met; the Person waits for a reasonable period of time, which shall be not less than five (5) seconds, after the initial Order is submitted before submitting the opposite side Order.

(c) No Person may disclose the details of any pre-execution communications with other parties. Furthermore, no party may take advantage of any information disclosed in pre-execution communication for a Cross Trade for the purpose of entering a subsequent order in the market.

III-7 Opening and Closing Trading on the FMX Division

(a) The Exchange may from time to time adopt procedures for the daily opening or closing of trading in any FMX Division Contract.

(b) The Exchange may open trading by allowing Orders to be entered into the system at the start of trading on any Trading Day; or

(c) absent the Exchange adopting the procedure indicated in paragraph (b) of this Rule or another alternative procedure for opening trading, the following procedure will be used to open trading in FMX Division Contract:

(i) The Exchange Trading System will reject any Orders entered prior to the opening of trading. Upon the opening of trading, Order will have the priority in which they are received by the Exchange Trading System.

III-8 Execution of Orders on the FMX Division

(a) Orders to buy or sell any FMX Division Contract are subject to the trading requirements specified in the relevant Contract Rules.

(b) Unless the Exchange determines to implement another Matching Algorithm, namely the Pro-Rata or the Pro-Rata with TOP, all Orders are matched with each other and executed electronically through the Exchange Trading System in accordance with FIFO, an algorithm that gives first priority to Orders at the best price and priority among Orders entered at the same price based on their time of entry into the Exchange Trading System, with the Order first entered receiving first priority. Without limiting the generality of the foregoing, FIFO is based upon the following principles:

(i) An Order at a better price will always have priority over Orders at inferior prices. As among Orders at the same price, an Order with time priority will be executed before Orders that have been entered after the Order with time priority. An Order with time priority will not lose such priority if the quantity of the Order is subsequently reduced. However, an Order will lose its time priority if the price of the Order is changed.

(ii) After the commencement of Trading Hours on a Trading Day for a particular Contract time priority will be assigned to the first Order at a price that betters the best price prevailing when the Order is received. Only one buy Order and one sell Order can have time priority at any given time. Orders with time priority will be matched first regardless of their respective sizes.

(iii) An Order will not lose time priority with respect to Orders at the same price if and when an Order at a better price is entered, but it will lose price priority.

(iv) Once an Order with time priority has been filled, the algorithm described herein will be applied to the remaining Orders at the same price. Thus, the Order received immediately after the Order that initially had time priority will be assigned time priority and be the next Order to be executed at such price.

(c) Notwithstanding anything in these Rules to the contrary, the Exchange may at any time use a different Matching Algorithm for an FMX Division Contract by giving notice of such algorithm to all FMX Participants at least ten (10) Trading Days before such algorithm is implemented.

III-9 Modification and Cancellation of Orders on the FMX Division

Any order for an FMX Division Contract that has been entered into the Exchange Trading System may be modified or cancelled unless and until it has been executed or has otherwise expired. Any such modification or cancellation requires that a Cancel Replace Order or Cancel Order, as the case may be, with respect to the original order be entered into the Exchange Trading System. Such modification or cancellation will become effective upon the issuance of an acknowledgement by the Exchange Trading System of the Cancel Order or Cancel Replace Order, as the case may be. Any Order automatically expires at the end of the Trading Hours on the Trading Day such order is placed, in the event of any suspension or curtailment of trading, or in the case of any failure of the Exchange Trading System.

III-10 Errors, Trade Cancellation and Price Adjustments on the FMX Division

(a) Trade Cancellation Authority

The Exchange's trade cancellation policy authorizes the Board, through its designee the Chief Compliance Officer (or the Chief Compliance Officer's delegate) (the "Designee"), to adjust trade prices or cancel (bust) FMX Division Contract trades when such action is necessary to mitigate market disrupting events caused by the improper or erroneous use of the Exchange Trading System or by system defects. Notwithstanding any other provision of this Rule III-10, the Designee may adjust trade prices or cancel any trade

if the Designee determines that allowing the trade to stand as executed may have a material, adverse effect on the integrity of the market, provided, however, that any such determination by the Designee (if other than the Chief Compliance Officer) will be subject to review by the Chief Compliance Officer if the Designee determines such review to be necessary or appropriate. Subject to the immediately preceding sentence, the decision of the Designee shall be final.

(b) Review of Trades

The Designee may review a trade based on its analysis of market conditions or a request for review by a user of the Exchange Trading System. A request for review must be made within eight (8) minutes of the execution of the trade. The Designee shall promptly determine whether the trade will be subject to review, and upon deciding to review a trade, the Designee will promptly issue an alert to all FMX Participants, Responsible Trading Agents and Direct Access Customers on the Exchange Trading System indicating that the trade is under review.

In the case of Contracts determined by the Designee to be illiquid, the Designee may initiate a review up to one hour after the execution of the trade, and has the authority, but not the obligation, to review trades reported any time before the start of the next Trading Day even if that is more than one (1) hour following execution if the Designee determines that the trade price was significantly out of line with fair value.

In the course of its review of any trade, the Designee may, but is not obligated to, inform any of the parties to the trade of the identity and contact information of any other party to the trade.

(c) Trade Price Adjustment and Cancellation Process

The Designee will first determine whether the trade price is within the No Bust Range for the Contract. During fast market conditions, upon the release of significant news, or in other circumstances in which the Designee determines it is appropriate, the Designee may, without prior notice, temporarily increase the published No Bust Range, up to an amount that is double the published range. Such temporary action will be notified to the CFTC in accordance with CFTC Regulation 40.6(a)(6)(ii).

In applying the No Bust Range, the Designee shall determine the market price for that Contract immediately before the trade under review (the "Market Price"). The Designee may consider any relevant information, including the existing market conditions, the volatility of the market, the prices of similar instruments in other markets, the last trade price on the Exchange Trading System, a better bid or offer price, a more recent price in a different Contract month, the price of the same or related Contract established in open outcry trading and any other factors that the Designee deems relevant.

(i) Trade Price Inside the No Bust Range

If the Designee determines that the price of the trade was inside the No Bust Range, the Designee will promptly issue an alert to all Participants, Responsible Trading Agents and Direct Access Customers on the Exchange Trading System indicating that the trade shall stand.

(ii) Trade Price Outside the No Bust Range

If the Designee determines that a trade price is outside the applicable No Bust Range, the trade price shall be adjusted to a price agreed upon in a reasonable time by a Person not responsible for an Order that results in a trade price adjustment that is within the No Bust Range. In the absence of such agreement, the trade price shall be adjusted to a price that equals the Market Price for that Contract at the time of the questioned trade plus or minus the standard or adjusted No Bust Range; provided, however, that in the event that such adjusted price would be outside the trading range of the day at the time of the questioned trade, such adjustment shall be limited to the trading range as applicable. In the event there are multiple parties, prices and/or Contracts involved in the transactions at issue, the Designee has the authority, but not the obligation, to bust rather than price adjust such transactions. The Designee will promptly issue an alert to all Participants, Responsible Trading Agents and Direct Access Customers on the Exchange Trading System indicating that the prices of the trades outside the No Bust Range have been adjusted to the No Bust Range limit or have been busted.

(iii) Liability for Losses Resulting from a Price Adjustment or Trade Bust.

(A) Price-Adjusted Trades

A Person responsible for an Order that results in a trade price adjustment shall generally not be liable for losses incurred by Persons whose trade prices were adjusted.

(B) Busted Trades

A Person responsible for an Order that results in a trade bust may be liable for the reasonable out-of-pocket losses incurred by Persons whose trades were busted or Persons whose Conditional Orders were executed and not busted. Issues of liability in such cases will be determined based upon all relevant facts and circumstances, including the conduct of the respective parties.

(d) Trade Cancellation or Offset Procedures

Positions that result from a trade determined by the Designee to be outside the No Bust Range that cannot be busted because the trade was not reported within eight (8) minutes of the execution of the trade may be transferred between the parties using a transfer trade upon agreement of the parties (a "Transfer Trade"). The Transfer Trade must use the original trade price and quantity. Any party may, but is not required to, include a cash adjustment to another party to the trade. Trades determined by the Designee to be inside the No Bust Range may not be reversed using a Transfer Trade.

(f) Arbitration of Disputes Regarding Transfer Trade

If a party does not agree to transfer a position pursuant to Rule III-10(f), any other party to the trade may file an arbitration claim against the Person representing the other side of the trade. Written notice of such claim must be provided to the Exchange within five (5) Business Days of the execution of the trade. Failure to file the claim within five (5) Business Days shall be deemed a waiver of all claims. The arbitration claim will be conducted in accordance with Chapter XV.

(g) Voluntary Adjustment of Trade Price

When a trade outside of the No Bust Range is busted in accordance with this Rule III-10, the parties to the trade may agree voluntarily to reestablish the trade but to adjust its price and make a cash adjustment; provided that, all of the following conditions are met:

(i) The Designee approves the adjustment

(ii) The quantity of the position being reestablished is the same as the quantity of the trade that was busted.

(iii) In the case of a trade below the Market Price, the adjusted price must be the lowest price that traded at or about the time of the trade without being busted. In the case of a trade above the Market Price, the adjusted price must be the highest price that traded at or about the time of the trade without being busted.

(iv) The parties to the adjusted trade must report it to the Exchange Trading System using a Transfer Trade not later than the close of business on the Business Day after the trade occurred.

(h) Busting Trades After System Malfunction.

The Clearing Member shall establish risk controls and trading parameters for each FMX Participant, Direct Access Customer and Customer for which it clears and will provide such information to the Exchange in a manner suitable to the Exchange. All orders shall be checked against the risk controls prior to admittance into the order book. A Clearing Member shall utilize the risk control software tools provided by the Exchange, as appropriate. (d) Each Clearing Member which carries an account that is required to reinstate a minimum amount of margin shall issue a call for margin within one (1) Business Day after the account is required to reinstate a minimum amount of margin. Each Clearing Member shall maintain written records of all margin calls (and any cancellations of margin calls). Such records shall be kept and shall be open for inspection in accordance with CFTC Rule 1.31.

(e) A Clearing Member may liquidate any or all positions in a Customer account it carries that does not meet a margin call as required by these Rules. Any loss or deficiency resulting from such liquidation shall be the liability of the Customer account holder.

(f) A Clearing Member shall not accept Orders for an undermargined account except for the establishment or closure of Contracts that reduces the risks of existing Contracts, unless the Clearing Member has been given assurances by the Person for whom the account is carried that funds to restore the equity in the account to the then prevailing minimum amount of margin are forthcoming and will be received within a reasonable period of time.

The report must be provided after the close of trading and be in such form and manner as may be specified by the Exchange. An FMX Participant (on behalf of itself and its Customers) subject to the requirements of this Rule shall provide such other information as may be requested by the Exchange regarding transactions effected on the Last Trading Day by such Person in the corresponding Reference DCM contract, in such form and manner as may be specified by the Exchange.

III-19 Recording of Orders and Record Keeping

(a) Any Order, except an Order for a proprietary account, which is not in the form of an electronic or written record, and which is not immediately entered into the Exchange Trading

System upon receipt, must within one (1) minute of its receipt be recorded in writing or caused to be recorded in writing by the FMX Participant receiving such Order.

All defined terms listed in Part A – Chapter I – Definitions; Interpretation; Amendments – I-1 Defined Terms (Rule I-1) are hereby incorporated into this Part B of the Rules of the Exchange.

X-2 Board of Directors

(a) The business and affairs of the Exchange shall be managed by the Board of Directors in accordance with the CX Futures Exchange, L.P. Operating Agreement and Applicable Law.

(b) The number of directors on the Board of Directors shall be seven, at least three of whom shall be Public Directors (or such other percentage of the Board of Directors as may be required by the CFTC Regulations, as amended from time to time, *provided* that the number of Public Directors shall at all times equal no less than 35% of the entire Board of Directors). Any vote made by the Board of Directors that results in a tie will require that the Board of Directors reconvene to reconsider the matter until such tie is broken.

(c) The appointment of the members of the Board of Directors will be made by the General Partner. The sole member of the General Partner shall make such appointments on behalf of the General Partner.

X-3 Standing Committees

In the event that the Board of Directors establishes an Executive Committee, the number of Public Directors on the committee shall constitute at least 35% of its members.

(b) Except as otherwise specifically provided in these Rules, the members of standing committees shall be appointed by the chairperson of the Board of Directors, subject to approval by the Board of Directors, as promptly as possible after each annual meeting of the Exchange. Each appointee shall serve for one year or until the due appointment of his or her successor or his or her

resignation or removal, with or without cause, by a majority vote of the Board of Directors. Subject to approval by the Board of Directors, the chairperson of the Board of Directors shall designate the chairperson of each standing committee.

(d) Subject to the authority of the Board of Directors, each standing committee shall determine the manner and form in which its proceedings shall be conducted and may act at a meeting or without a meeting, and through a quorum composed of a majority of all its members then in office, inclusive of *ex officio* members. Except as otherwise specifically provided in these Rules, the decision of a majority of those present at a meeting at which a quorum is present, or the decision of a majority of those participating when at least a quorum participates, shall be the decision of the standing committee. Any or all members of any standing committee may participate in any meeting thereof by telephone conference or similar communications equipment by means of which all members participating in such meeting can hear each other.

(e) In the event of the absence or disqualification of any member of a standing committee from any meeting thereof, each of the following individuals, in the order of their availability, may appoint another qualified individual to act at the relevant meeting in the place of any such absent or disqualified member: (i) the chairperson of the Board of Directors, (ii) the President or (iii) the chairperson of the standing committee in question.

X-4 Regulatory Oversight Committee

The Regulatory Oversight Committee of the Board of Directors shall consist only of Public Directors, who shall be members of the Board of Directors, and shall be appointed from time to time by the chairperson of, and approved by, the Board of Directors. The Regulatory Oversight Committee shall oversee the Exchange's regulatory program on behalf of the Board of Directors. It shall make such recommendations to the Board of Directors as will, in its judgment, best promote the interests of the Exchange, *provided* that, for the avoidance of doubt, any dissenting opinions from one or more members of the Regulatory Oversight Committee shall be reported to the Board of Directors along with any such recommendation. The Regulatory Oversight Committee shall also have such other powers and perform such other duties as the Board of Directors may delegate to it from time to time.

The Board of Directors shall confirm one member of the Regulatory Oversight Committee as the committee's chairperson. The Chairperson of the Regulatory Oversight Committee shall determine the agenda for the committee and shall cast the tie-breaking vote on any matter where the voting members of the committee are equally divided; provided, however, that if the Regulatory Oversight Committee has only two (2) members all decisions of the Regulatory Oversight Committee must be unanimous.

X-5 Additional Committees and Panels

(a) The Board of Directors may create such additional standing committees of the Board of Directors as it may from time to time deem necessary or advisable. Members of such committees must be members of the Board of Directors, *provided* that the President may be a voting *ex officio* member of any such standing committee.

(b) In addition to the standing committees, the Board of Directors may from time to time constitute and appoint, by Rule or resolution, special committees of the Board of Directors and designate their composition, responsibilities and powers. The provisions regarding standing committees in Rule X-3 shall apply *mutatis mutandis* to any such special committees. At least 35% of the members of each special committee designated by the Board of Directors shall be Public Directors.

(c) The Exchange may create additional committees of the Exchange, or panels, for such purposes as may from time to time be necessary or advisable. Members of each such committee may be members of the Board of Directors, Participants, Responsible Trading Agents or such other individuals as may be qualified to serve on such committee. At least 35% of the members of each such committee designated by the Board of Directors shall be Public Directors (or individuals that would qualify as Public Directors if they were directors of the Exchange).

X-6 Eligibility

(a) No Person may serve as an Officer of the Exchange, or a member of the Board of Directors, or any disciplinary committee, arbitration panel or oversight panel of the Exchange or as Chief Compliance Officer if such Person:

(iii) is currently suspended from trading on any contract market, is suspended or expelled from membership from any self-regulatory organization, is serving any sentence of probation or owes any portion of a fine imposed pursuant to either:

(A) a finding by a final decision of a self-regulatory organization, an administrative law judge, a court of competent jurisdiction or the CFTC that such person committed a disciplinary offense; or

(B) a settlement agreement in which any of the findings or, in absence of such findings, any of the acts charged included a disciplinary offense;

(iv) is currently subject to an agreement with the CFTC or any self-regulatory organization not to apply for registration with the CFTC or membership in any self-regulatory organization;

(v) is currently subject to or has had imposed on him or her within the past three (3) years a CFTC registration revocation or suspension in any capacity for any reason, or has been convicted within the past three (3) years of any of the felonies listed in section 8a(2)(D)(ii) through (iv) of the CEA; or

(vi) is currently subject to a denial, suspension or disqualification from serving on the disciplinary committee, arbitration panel or governing board of any self-regulatory organization as that term is defined in Section 3(a)(26) of the Securities Exchange Act of 1934.

(b) To qualify as a Public Director, an individual must be found, by action of the Board of Directors, to have no relationship with the Exchange that reasonably could affect the independent judgment or decision making of the Director. In addition, a Director shall automatically be deemed to have such a relationship and shall not be considered a “Public Director” if any of the following circumstances exist:

(i) within the last year, the individual or any member of his or her immediate family has been an officer or employee of the Exchange or any of its affiliates. Solely for

purposes of this Rule X-6, the term “affiliate” shall mean parents or subsidiaries of the Exchange or entities that share a common parent with the Exchange. For the avoidance of doubt, an individual may still qualify as a Public Director if such individual (x) has, within the last year, served as a director of an affiliate of the Exchange, but (y) otherwise meets the eligibility criteria under this Rule X-6(b).

Solely for purposes of this Rule X-6, the term “member” is defined according to Section 1a(24) of the CEA and Regulation 1.3(q) promulgated by the CFTC thereunder. Therefore, any Participant would be considered a “member” of the Exchange. In this context, a person is “affiliated” with a member if he or she is an officer or director of the member, or if he or she has any other relationship with the member such that his or her impartiality could be called into question in matters concerning the member.

(iii) within the last year, the individual or any immediate family member of the individual, or a firm with which such individual or his or her immediate family member is affiliated, as described in Rule X-6(b)(ii) above, received more than \$100,000 in combined annual payments from the Exchange or its affiliates, or from a member or any person or entity affiliated with a member of the Exchange, in each case for legal, accounting or consulting services. Compensation for services as a Director shall not count towards the \$100,000 payment limit, nor shall deferred compensation for services prior to becoming a Director, so long as such compensation is in no way contingent, conditioned or revocable.

(c) Public Directors may also serve as directors of any parent company of the Exchange if the Public Directors otherwise meet the definition of “Public Director” in this Rule X-6.

(d) For purposes of this Rule X-6, the terms “self-regulatory organization”, “disciplinary committee”, “arbitration panel”, “oversight panel”, “final decision”, “disciplinary offense”, and “settlement agreement” have the meanings set forth in CFTC Regulation 1.63(a).

X-7 Power of the Board of Directors to Review Decisions

The Board of Directors has the power and authority to call for review, and to affirm, modify, suspend or overrule, any and all decisions and actions of standing committees, special

X-8 Officers

The Board of Directors shall appoint a President, one or more Vice Presidents, a Secretary, a Treasurer and such other officers (each such person, an “Officer”) as it may deem necessary or appropriate from time to time, in each case for such term and on such other conditions as it sees fit. Any officer of the Exchange may also be a director, officer, partner or employee of the sole member of the General Partner or any of its affiliates.

X-9 Restrictions on Certain Persons Who Possess Material, Non-Public Information

(c) Any Officer, Director, Chief Compliance Officer or employee or agent of the Exchange who violates any provision of this Rule X-9 shall indemnify the Exchange for, and hold the Exchange harmless against, any losses, damages or costs that the Exchange may incur as a result of such violation.

(d) Notwithstanding anything to the contrary in this Rule X-9, the applicable Contract Rules for each Contract traded on the Exchange may impose additional prohibitions on the use of or trading on material non-public information by any Person.

(e) For purposes of this Rule X-9, the terms “material information,” “non-public information” and “commodity interest” shall have the meanings ascribed to them in CFTC Regulation 1.59 or in the applicable Contract Rules, as the case may be.

interest through a broker association, (D) has a family relationship with a named party in interest or (E) has any other significant, ongoing business relationship with a named party in interest, excluding relationships limited to executing Contracts opposite each other.

(ii) *Recusal.* Where the Chief Compliance Officer has or may have one of the relationships listed in paragraph (b)(i) of this Rule X-10 with a named party in interest, the Chief Compliance Officer shall recuse himself or herself from the matter giving rise to the conflict and the Board of Directors shall appoint an individual meeting all the requirements of a Chief Compliance Officer to serve as Chief Compliance Officer for the specific matter giving rise to the conflict.

(iii) *Disclosure.* Prior to consideration of any matter involving a named party in interest, each member of the deliberating body (other than the Chief Compliance Officer whose recusal is required pursuant to clause (ii) above) shall disclose to the President, or his or her designee, whether such member has or may have one of the relationships listed in paragraph (b)(i) of this Rule X-10 with a named party in interest.

(iv) *Procedure and Determination.* The President, or his or her designee, shall determine whether any member of the relevant deliberating body is subject to a conflicts restriction under this paragraph (b). Such determination shall be based upon a review of the following information:

(A) information provided by such member pursuant to clause (ii) above; and

(B) any other source of information that is held by or reasonably available to the Exchange.

(c) Financial Interest in a Significant Action Conflict.

(i) *Prohibition.* No Officer of the Exchange, Chief Compliance Officer or member of the Board of Directors or any standing committee, “disciplinary committee” or “oversight panel” (both as defined in CFTC Regulation 1.69) shall participate in such body’s deliberations and voting on any significant action if such member

knowingly has a direct and substantial financial interest in the result of the vote based upon either Exchange or non-Exchange positions that could reasonably be expected to be affected by the significant action under consideration, as determined pursuant to this paragraph (c).

(ii) *Recusal.* Where the Chief Compliance Officer has or may have a direct and substantial financial interest in the result of the vote on any significant action based upon either Exchange or non-Exchange positions that could reasonably be expected to be affected by the significant action under consideration, the Chief Compliance Officer shall recuse himself or herself from the matter giving rise to the conflict and the Board of Directors shall appoint an individual meeting all the requirements of a Chief Compliance Officer to serve as Chief Compliance Officer for the specific matter giving rise to the conflict.

(iii) *Disclosure.* Prior to consideration of any significant action, each member of the deliberating body (other than the Chief Compliance Officer whose recusal is required pursuant to clause (ii) above) who does not choose to abstain from deliberations and voting shall disclose to the President, or his or her designee, position information known to such member with respect to any particular Contracts that are under consideration, and any other positions which the deliberating body reasonably expects could be affected by the significant action, as follows:

(A) gross positions held at the Exchange in such member's personal accounts or "controlled accounts", as defined in CFTC Regulation 1.3(j);

(B) gross positions held at the Exchange in accounts in which such member is a "principal", as defined in CFTC Regulation 3.1(a); and

(iv) *Procedure and Determination.* The President, or his or her designee, shall determine whether any member of the relevant deliberating body is subject to a conflicts restriction under this paragraph (c) based upon a review of the most recent large trader reports and clearing

records available to the Exchange, information provided by such member with respect to positions pursuant to clause (ii) above and any other source of information that is held by and reasonably available to the Exchange, taking into consideration the exigency of the significant action being contemplated. A member of a deliberating body shall be subject to the conflicts restriction in clause (i) above if the review by the President, or his or her designee, identifies a position in such member's personal or controlled accounts or accounts in which such member is a principal as specified in subclauses (iii)(A), (B) and (C) above.

(v) *Deliberation Exemption.* Any Officer of the Exchange, member of the Board, a "disciplinary committee" or "oversight panel" (both as defined in CFTC Regulation 1.69) who would otherwise be required to abstain from deliberations and voting pursuant to this paragraph (c) (excluding the Chief Compliance Officer) may participate in deliberations, but not voting, if the deliberating body, after considering the factors specified below, determines that such participation would be consistent with the public interest, *provided, however,* that before reaching any such determination, the deliberating body shall fully consider the position information specified in clause (ii) above which is the basis for such member's substantial financial interest in the significant action that is being contemplated. In making its determination, the deliberating body shall consider:

(A) whether such member's participation in deliberations is necessary to achieve a quorum; and

(B) whether such member has unique or special expertise, knowledge or experience in the matter being considered.

(d) *Documentation.* The minutes of any meeting to which the conflicts determination procedures set forth in this Rule X-10 shall reflect the following information:

(i) the names of all members of the relevant deliberating body who attended such meeting in person or who otherwise were present by electronic means;

(ii) the name of any member of the relevant deliberating body who voluntarily recused himself or herself or was required to abstain from deliberations or voting on a matter and the reason for the recusal or abstention, if stated; and

(iii) information on the position information that was reviewed for each member of the relevant deliberating body.

(b) The President, or his or her delegates, are authorized to provide information to an exchange or clearing organization that is a party to an information sharing agreement with the Exchange, in accordance with the terms and conditions of such agreement.

(c) All information received by the Exchange with respect to any information sharing agreement, shall be held in confidence by the Exchange and shall not be provided to any of its nonregulatory departments or divisions or any other person (including to any affiliate of the Exchange), except as follows:

In accordance with the Regulatory Services Agreement, NFA may perform certain surveillance, investigative, and regulatory functions under the Rules of the Exchange and the Exchange may provide information to NFA in connection with the performance by NFA of those functions. Without limitation of the foregoing, any of the powers or functions of the Exchange under these Rules may be delegated to the NFA pursuant to the Regulatory Services Agreement in such manner and on such terms as the Exchange and the NFA may mutually agree.

CHAPTER XI General Trading Provisions

XI-1 Contract Specifications

Each Contract will meet such specifications, and all trading in such Contract will be subject to such procedures and requirements, as set forth in the rules governing such Contract.

XI-2 Contract Modifications

The specifications for, and the procedures and requirements for trading, any Contract may not be modified in any respect without the prior approval of the Exchange.

XI-3 Position Accountability

(a) Position Accountability

(i) Position Accountability levels may be established by the Exchange, in its discretion, from time to time, for Contracts having a highly liquid and deep cash market. Such Position Accountability levels may be specific to a particular Contract, as set forth in the relevant Contract Rules, or delivery month or may be established on an aggregate basis among Contracts.

(ii) The Compliance Department may, at any time, require a person who owns or controls positions in contracts traded on the Exchange or cleared by the applicable clearinghouse which exceed a Position Accountability level to which such person is subject to provide information relating to the nature and size of such person's position; the trading strategy employed with respect to the position; as relevant, information supporting a determination of the hedging nature of the position; and such other information as the Compliance Department may request.

(iii) The Compliance Department may order the reduction of such position to the Position Accountability level of any person who fails to provide the information as directed.

(iv) A person who holds or controls aggregate positions in excess of a specified Position Accountability level shall be deemed to have consented not to further increase the size of such person's position, or to reduce any open position which exceeds the Position Accountability level as directed by the head of the Compliance Department, in his or her sole discretion.

(v) For purposes of this section (b), all positions in accounts for which a person, by power of attorney or otherwise, directly or indirectly holds positions or controls trading shall be included with the positions held by such person. Positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding shall be treated the same as if the positions were held by a single person.

XI-4 Price Limits and Temporary Trading Halts

(a) On each Trading Day, the amount by which the price of a Contract may increase or decrease is limited to an amount specified in the applicable Contract Rules, provided that, in each case, the Exchange shall have the authority under extraordinary market circumstances to set daily price limits at different levels if in the reasonable judgment of the Exchange such action is warranted for the protection of the market and Participants.

(b) Price limits with respect to any Contract will be calculated as soon as practicable following the End of Trading each Trading Day based on the then-applicable Settlement Price. A Contract will not be allowed to trade beyond the price limit until after new price limits are established following the End of Trading on the next succeeding Trading Day.

XI-5 Transfers of Positions

(iii) transfer an existing Contract through operation of law from death or bankruptcy.

(b) The provisions of paragraph (a) of this Rule shall apply to any Trading Account maintained by a Participant with control over one or more Trading Accounts, whether or not such Trading Accounts are controlled by the same Responsible Trading Agents of such Participant.

(c) Upon written request, the Exchange may, in its sole discretion, allow the transfer of a position as a result of a merger, asset purchase, consolidation, or similar non-recurring transaction for a Person that is an organization.

(d) The Exchange will transfer positions pursuant to this Rule XI-5 at the same prices that appear on the books of the transferring Participant, and the transfer will indicate the date when the original trade was made.

Any such action placed into effect in accordance with the preceding sentence shall be reviewed by the Board of Directors as soon as practicable under the circumstances and may be revoked, suspended or modified by the Board of Directors.

(b) *Physical Emergency.* If, in the judgment of the President, or any individual designated by the President and approved by the Board of Directors, the physical functions of the Exchange are, or are threatened to be, severely and adversely affected by a physical emergency, such Person shall have authority to take such action as he or she may deem necessary or appropriate to respond to such physical emergency, including closing the Exchange, delaying the opening of trading in one or more Contracts or suspending trading in or extending trading hours for one or more Contracts. In the event that any action has been taken pursuant to the immediately preceding sentence, any Person who is authorized to take such action may order the removal of any restriction previously imposed pursuant to such sentence, upon a determination by such Person that the physical emergency that gave rise to such restriction has sufficiently abated to permit the physical functions of the Exchange to continue in an orderly manner. Any order by any Person pursuant to this sentence shall be subject to review, modification or reversal by the Board of Directors. In the event that trading is suspended in any or all Contracts, unexecuted Orders for the suspended Contracts that are currently resting in the Exchange Trading System will automatically be cancelled and must be resubmitted by the Participants upon resumption of trading in the affected Contracts.

(c) *Notification and Recording.* The Exchange will notify the CFTC of any action taken, or proposed to be taken, pursuant to this Rule XI-9 in accordance with CFTC Regulation § 40.6. The decision-making process with respect to, and the reasons for, any such action will be recorded in writing.

(d) *Conflicts of Interest.* The conflict-of-interest provisions set forth in Rule X-10 and the related documentation requirements set forth in Rule X-10 shall apply, with any such

modifications or adaptations as may be necessary or appropriate under the circumstances, to the taking of any action under this Rule XI-9 by the President, or his or her designee.

(b) The Exchange may publish additional reports from time to time in accordance with, and as specified in, the applicable Contract Rules.

XI-11 Message Traffic Limits

The President or his delegate may at any time restrict or establish utilization fees in respect of Message Traffic in order to safeguard the security or operations of the Exchange Trading System, or to preserve market integrity or fair and orderly trading, or if otherwise in the public interest. For the avoidance of doubt, this includes blocking all Message Traffic from an FMX Participant where such action is appropriate to safeguard the security of the Exchange or to preserve market integrity or fair and orderly trading.

XI-12 Application of Rules and Jurisdiction Following Termination

(a) By accessing, or entering any Order into, the Exchange Trading System, and without any need for any further action, undertaking or agreement, a Participant and its Direct Access Customers, as applicable, Customers and Responsible Trading Agents agree (i) to be bound by, and comply with, the Rules of the Exchange, the Rules of the CX Clearinghouse or the Rules of LCH Limited, as applicable, and Applicable Law, in each case to the extent applicable to it, and (ii) to become subject to the jurisdiction of the Exchange with respect to any and all matters arising from, related to, or in connection with, the status, actions or omissions of such Participant and its Direct Access Customers and Responsible Trading Agents.

(b) Any CX Participant or FMX Participant, its Direct Access Customers and Responsible Trading Agents whose Trading Privileges are revoked or terminated and any Customers of such FMX Participant shall remain bound by the Rules of the Exchange, the Rules of the CX Clearinghouse, the Rules of LCH Limited, as applicable, and Applicable Law, in each case to the extent applicable to it, and subject to the jurisdiction of the Exchange with respect to any and all matters arising from, related to, or in connection with, the status, actions or omissions of such Participant, and its Direct Access Customer as applicable and its Responsible Trading Agent prior to such revocation or termination.

XI-13 Recording of Communications

The Exchange may record conversations and retain copies of electronic communications between officers, employees or agents of the Exchange, on one hand, and Participants, Direct Access Customers or Responsible Trading Agents, on the other hand. Any such recordings may be retained by the Exchange in such manner and for such periods of time as the Exchange may

deem necessary or appropriate but in no event less than the retention periods necessary to comply with CFTC Regulations 1.31, 38.950 and, for swaps, 45.2(c). The NFA will have access to such recordings to the extent required to perform certain regulatory services to the Exchange pursuant to the Regulatory Services Agreement.

The Exchange shall publish on its website a notice with respect to each addition to, modification of, or clarification of, the Rules of the Exchange or of any action to implement any Rules of the Exchange, in accordance with the requirements of the relevant sections of Part 40 of the CFTC's Regulations and in a form and manner that is reasonably designed to enable each Participant, Direct Access Customer as applicable, and Responsible Trading Agents to become aware of and familiar with, and to implement any necessary preparatory measures to be taken by it with respect to, such addition or modification, prior to the effective date thereof.

XI-15 Proprietary Nature of Market Data

All Participants, Direct Access Customers, and Responsible Trading Agents:

- (a) acknowledge the Exchange's proprietary interest in Market Data as well as all related trade data and settlement prices relating to all Contracts traded through the Exchange Trading System or subject to Exchange Rules; and

THE FOREGOING SHALL APPLY REGARDLESS OF WHETHER A CLAIM ARISES IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE. FURTHERMORE, THERE SHALL BE NO LIABILITY BASED UPON, OR IN CONNECTION WITH, ANY QUOTE OR OTHER INFORMATION IF NO CORRELATIVE PURCHASE OR SALE OF A CONTRACT IS MADE, AND IF A CORRELATIVE PURCHASE OR SALE OF A CONTRACT IS MADE, ANY LIABILITY SHALL BE LIMITED IN AMOUNT TO THE AGGREGATE PRICE OF THE CONTRACTS PURCHASED OR SOLD.

EACH PARTICIPANT AND EACH PERSON ASSOCIATED WITH A PARTICIPANT (INCLUDING ANY DIRECT ACCESS CUSTOMER OR RESPONSIBLE TRADING AGENT) ACKNOWLEDGES AND AGREES THAT THE EXCHANGE (INCLUDING ITS AFFILIATES AND ANY CONTRACTORS AND SUBCONTRACTORS PROVIDING SERVICES TO THE EXCHANGE) DOES NOT AND SHALL NOT SERVE AS THE PRIMARY BASIS FOR ANY DECISIONS MADE BY SUCH PARTICIPANT OR PERSON ASSOCIATED WITH A PARTICIPANT (INCLUDING ANY RESPONSIBLE TRADING AGENT), AS THE CASE MAY BE, AND IS NOT AN ADVISOR OR FIDUCIARY OF SUCH PARTICIPANT OR PERSON ASSOCIATED WITH A PARTICIPANT (INCLUDING ANY RESPONSIBLE TRADING AGENT), AS THE CASE MAY BE.

EXCEPT AS OTHERWISE PROVIDED IN THESE RULES, ANY LIABILITY OF THE EXCHANGE (OTHER THAN LIABILITY THAT IS EXCLUDED PURSUANT TO THE PRECEDING TWO PARAGRAPHS OF THIS RULE XI-16) WILL BE LIMITED TO DIRECT, OUT-OF-POCKET LOSSES DIRECTLY CAUSED BY THE ACTS OR OMISSIONS OF THE EXCHANGE OR ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS; PROVIDED THAT THE TOTAL COMBINED AGGREGATE LIABILITY OF THE EXCHANGE AND ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS TO ANY ONE PARTICIPANT WITH RESPECT TO CX AND CONTRACTS SHALL NOT, (TAKEN TOGETHER WITH ANY LIABILITY OF THE CX CLEARINGHOUSE WITH RESPECT TO CX CONTRACTS TO SUCH PARTICIPANT RESULTING FROM THE ACTS OR OMISSIONS OF THE CX CLEARINGHOUSE OR ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS) EXCEED \$25,000 FOR ALL LOSSES FROM ALL CAUSES SUFFERED ON A SINGLE CALENDAR DAY; \$50,000 FOR ALL LOSSES SUFFERED FROM ALL CAUSES IN A SINGLE CALENDAR MONTH; AND \$500,000 FOR ALL LOSSES SUFFERED FROM ALL CAUSES IN A SINGLE CALENDAR YEAR.

ANY DISPUTE ARISING OUT OF THE USE OF THE EXCHANGE TRADING SYSTEM OR EXCHANGE SERVICES OR FACILITIES USED TO SUPPORT THE EXCHANGE TRADING SYSTEM IN WHICH THE EXCHANGE (INCLUDING ITS AFFILIATES AND ANY CONTRACTORS AND SUBCONTRACTORS PROVIDING SERVICES TO THE EXCHANGE) OR ANY OF THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS IS A PARTY SHALL BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK. ANY ACTIONS, SUITS OR PROCEEDINGS AGAINST ANY OF THE FOREGOING MUST BE BROUGHT WITHIN TWO YEARS FROM THE TIME THEY FIRST ARISE, AND ANY SUCH ACTION, SUIT OR PROCEEDING MAY BE BROUGHT IN ANY FEDERAL OR STATE COURTS LOCATED IN THE BOROUGH OF MANHATTAN, THE CITY OF NEW YORK. THIS PROVISION SHALL IN NO WAY CREATE A CAUSE OF ACTION AND SHALL NOT AUTHORIZE ANY ACTION THAT WOULD OTHERWISE BE PROHIBITED BY RULES OF THE EXCHANGE.

ANY PARTICIPANT OR PERSON ASSOCIATED WITH A PARTICIPANT (INCLUDING ANY DIRECT ACCESS CUSTOMER OR RESPONSIBLE TRADING AGENT) WHO FAILS TO PREVAIL IN A LAWSUIT OR OTHER LEGAL PROCEEDING INSTITUTED BY SUCH PERSON AGAINST THE EXCHANGE (INCLUDING ITS AFFILIATES) OR ANY OF ITS DIRECTORS, COMMITTEE MEMBERS, OFFICERS, EMPLOYEES, AGENTS OR CONTRACTORS, AND RELATED TO THE BUSINESS OF THE EXCHANGE, WILL PAY TO THE EXCHANGE ALL REASONABLE EXPENSES, INCLUDING ATTORNEYS' FEES, INCURRED BY THE EXCHANGE IN THE DEFENSE OF SUCH PROCEEDING TO THE EXTENT THAT SUCH EXPENSES EXCEED FIFTY THOUSAND DOLLARS (\$50,000.00). All such prohibitions on fraud and manipulation, including, but not limited to, the antifraud provisions of the CEA and the antifraud rules promulgated by the CFTC thereunder, will remain in full force and effect with respect to, and will be fully applicable to, the trading of all Contracts. XIII-14 Wash Trading; Accommodation Trading, Money Passes

It shall be a violation of this Rule for any person to engage in a transaction that is of the character of, or is commonly known to the trade as, a “wash trade,” Entering buy and sell orders for different accounts with common beneficial ownership with the intent to negate market risk or price competition shall also be deemed to violate the prohibition on wash trades. Execution as well as accommodation of such orders by direct or indirect means shall also be a violation of this Rule.

It shall also be a violation of this Rule for any person to engage in a transaction that is of the character of, or is commonly known to the trade as, an “accommodation trade.” Non-competitive trading entered into by a Participant, usually to assist another Participant with illegal trades, shall also be deemed to violate the prohibition on accommodation trades.

It shall also be a violation of this Rule for any person to engage in a transaction that is of the character of, or is commonly known to the trade as, a “money pass.” Non-competitive trading between authorized traders where a profit is passed from one Participant to the other Participant shall also be deemed to violate the prohibition on accommodation trades.

It shall be a violation of this Rule for any person to enter through the Exchange Trading System a Cross Trade or any other trade against the person’s Customer’s order except in the case of transactions effected pursuant to Rule III-6.

CHAPTER XIV DISCIPLINE AND ENFORCEMENT

XIV-1 General

(a) All Participants, Direct Access Customers, Customers and Responsible Trading Agents shall be subject to the Exchange’s jurisdiction. This includes any Person initiating or executing a transaction on or subject to the Rules of the Exchange directly or through an intermediary, and any Person for whose benefit such a transaction has been initiated or executed. All Participants, Direct Access Customers, Customers and Responsible Trading Agents are subject to this Chapter XIV if they are alleged to have violated, to have aided and abetted a violation, to be violating, or to be about to violate, any Rule of the Exchange or any provision of Applicable Law for which the Exchange possesses disciplinary jurisdiction.

(b) The Exchange will conduct inquiries, investigations, disciplinary proceedings and appeals from disciplinary proceedings, summary impositions of fines, summary suspensions or other summary actions in accordance with this Chapter XIV.

(c) The Exchange may delegate any or all of its powers or responsibilities under this Chapter XIV to the NFA (acting in its compliance role, the “Compliance Department”) and the Disciplinary Panel, which may take any actions on behalf of the Exchange that the Exchange is permitted to take hereunder. In the event of any such delegation, references to the Exchange in this Chapter XIV shall be construed to be references to the Compliance Department or the Disciplinary Panel, as the case may be.

(d) No member of the staff of the Exchange will interfere with or attempt to influence the process or resolution of any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension or other summary action. No member of the Board of Directors will interfere with or attempt to influence the process or resolution of any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary, imposition of fines, summary suspension or other summary action with respect to which the member of the Board of Directors is not a member of the relevant Appeals Panel.

(e) Any Participant, Direct Access Customer or Responsible Trading Agent may be represented by counsel during any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension or other summary actions pursuant to this Chapter XIV.

(f) Pursuant to this Chapter XIV, the Exchange may hold:

(i) a Participant liable for, and impose sanctions against such Participant for, such Participant's own acts and omissions that constitute a violation;

(ii) a Participant liable for, and impose sanctions against such Participant for, the acts and omissions of each Direct Access Customer or Responsible Trading Agent authorized by, and each other agent or representative of, such Participant that constitute a violation as if such violation were that of the Participant;

(iii) a Direct Access Customer liable for, and impose sanctions against him or her for, such Direct Access Customer's own acts and omissions that constitute a violation or of any of the Direct Access Customer's Responsible Trading Agents; and impose sanctions against him or her, for the acts and omissions of each agent or representative of such Responsible Trading Agents that constitute a violation as if such violation were that of the Direct Access Customer.

(iv) a Responsible Trading Agent liable for, and impose sanctions against him or her for, such Responsible Trading Agent's own acts and omissions that constitute a violation; and

(v) a Responsible Trading Agent liable for, and impose sanctions against him or her for, the acts and omissions of each agent or representative of such Responsible Trading Agent that constitute a violation as if such violation were that of the Responsible Trading Agent.

(g) Pursuant to this Chapter XIV, the Exchange may in its sole discretion, and subject to the conditions specified in Rule XIV-16(g), review an appeal by any applicant of the Exchange's decision to deny or otherwise limit Trading Privileges of such applicant pursuant to the Rules of the Exchange; *provided, however*, that any such decision by the Exchange to deny or otherwise limit applicant's Trading Privileges shall continue in effect during such review.

XIV-2 Inquiries and Investigations

(a) The Compliance Department will, in conjunction with NFA, investigate any matter within the Exchange's disciplinary jurisdiction that it or the Control Desk discovers or that is brought to the Compliance Department's attention, including but not limited to, possible violations of the Rules of the Exchange or manipulation of a Contract that is traded on the Exchange. All such investigations must be completed in a timely manner, as determined in the reasonable judgment of the Exchange. The Compliance Department will determine the nature and scope of its inquiries and investigations within its sole discretion and will function independently of any commercial interests of the Exchange.

(b) The Compliance Department has the authority to:

(i) initiate and conduct inquiries and investigations;

(ii) prepare investigative reports and make recommendations concerning initiating disciplinary proceedings;

(iii) prosecute alleged violations within the Exchange's disciplinary jurisdiction; and

(iv) represent the Exchange on appeal from any disciplinary proceeding, summary imposition of fines, summary suspension or other summary action.

(c) Each Participant, Direct Access Customer or Responsible Trading Agent:

(i) is obligated to appear and testify and respond in writing to interrogatories within the time period required by the Compliance Department in connection with: (A) any Rule of the Exchange; (B) any inquiry or investigation; or (C) any preparation by and presentation during a disciplinary proceeding or appeal from a decision in a disciplinary proceeding, summary imposition of fines, summary suspension or other summary action by the Exchange;

(ii) is obligated to produce books, records, papers, documents or other tangible evidence, including any oral and written pre-trade communications, as described by CFTC Rule 1.35(a)(1)(iii), in its, his or her possession, custody or control within the time period required by the Compliance Department in connection with: (A) any Rule of the Exchange; (B) any inquiry or investigation; or (C) any preparation by and presentation during a disciplinary

proceeding or appeal from a decision in any disciplinary proceeding, summary imposition of fines, summary suspension or other summary action by the Exchange; and

(iii) may not impede or delay any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension or other summary action.

XIV-3 Reports of Investigations

(a) The Compliance Department will maintain a log of all investigations and their dispositions. The Compliance Department will prepare a written report of each investigation, regardless of whether the evidence gathered during any inquiry or investigation forms a reasonable basis to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur or whether the evidence gathered results in closing the matter without further action or through summary action.

(b) Any written report of investigation will include the reasons for initiating the investigation (including a summary of the complaint, if any), all relevant facts and evidence gathered, and the recommendation of the Compliance Department. For each potential respondent, the Compliance Department will recommend either (i) closing the investigation without further action, (ii) summary action, (iii) resolving the investigation through an informal disposition, including the issuance of a warning letter or (iv) initiating disciplinary proceedings. An informal disposition (including the issuance of a warning letter) will not constitute a finding of a violation or a sanction.

XIV-4 Review of Investigative Reports

(a) The Chief Compliance Officer will review promptly each completed investigation report to determine whether a reasonable basis exists to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur. Such determination will be made by the Chief Compliance Officer within ten (10) Business Days of receipt of the applicable investigation report.

(b) If the Chief Compliance Officer determines that additional investigation or evidence is needed to decide whether a reasonable basis exists to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur, the Chief Compliance Officer will direct the Compliance Department to conduct further investigation.

(c) After receiving completion of an investigation, the Chief Compliance Officer will determine for each potential respondent whether to authorize:

(i) the commencement of disciplinary proceedings because a reasonable basis exists to believe that a

violation within the Exchange's jurisdiction has occurred or is about to occur;

(ii) the informal disposition of the investigation (by issuing a warning letter or otherwise) if the Chief Compliance Officer determines that a violation of the Rules of the Exchange or any applicable Contract Rules may have occurred but that formal disciplinary proceedings are unwarranted; or

(iii) the closing of the investigation without any action, and without the issuance of a warning letter, because disciplinary proceedings are not warranted and no reasonable basis exists to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur.

XIV-5 Notice of Charges and Opportunity to Respond

(a) If the Chief Compliance Officer authorizes disciplinary proceedings pursuant to Rule XIV-4, the Compliance Department will prepare in accordance with Rule XIV-5 and serve in accordance with Rule XIV-7, a notice of charges within twenty (20) Business Days thereafter.

(b) A notice of charges will:

(i) state the acts, practices or conduct that the respondent is alleged to have engaged in,

(ii) state the Rule of the Exchange or provision of Applicable Law alleged to have been violated or about to be violated,

(iii) state the proposed sanctions,

(iv) advise the respondent of its right to submit a written statement explaining why a disciplinary proceeding should not be instituted or one or more of the potential charges should not be brought, which statement must be submitted within twenty (20) Business Days after service of the notice of charges,

(v) advise the respondent of its right to a hearing and its right to have counsel present,

(vi) state the period of time within which the respondent can request a hearing on the notice of charges, in lieu of submitting a written statement pursuant to Rule XIV-

5(b)(iv), which will not be less than twenty (20) Business Days after service of the notice of charges,

(vii) advise the respondent that any failure to request a hearing within the period stated, except for good cause, will be deemed to constitute a waiver of the right to a hearing, and

(viii) advise the respondent that any allegation in the notice of charges that is not expressly denied will be deemed to be admitted.

(c) If the respondent submits a written statement pursuant to Rule XIV-5(b)(iv), the Chief Compliance Officer shall, within ten (10) Business Days after receipt of the written statement, advise the respondent:

(i) of the Chief Compliance Officer's decision to drop any or all of the potential charges,

(ii) that the disciplinary proceedings will proceed with respect to all remaining charges in accordance with the notice of charges delivered to the respondent, and/or, as appropriate

(iii) that the respondent shall have twenty (20) Business Days to submit an answer to the notice of charges, as described in Rule XIV-6.

XIV-6 Answer to Notice of Charges

(a) If the respondent determines to answer a notice of charges, the respondent must file answers within twenty (20) Business Days after being served with such notice, or within such other time period determined appropriate by the Chief Compliance Officer.

(b) To answer a notice of charges, the respondent must in writing:

(i) specify the allegations that the respondent denies or admits,

(ii) specify the allegations that the respondent does not have sufficient information to either deny or admit,

(iii) specify any specific facts that contradict the notice of charges,

(iv) specify any affirmative defenses to the notice of charges, and

(v) sign and serve the answer on the Director of Hearings.

(c) Any failure by the respondent to timely serve an answer to a notice of charges will be deemed to be an admission to the allegations in such notice. Any failure by the respondent to answer one or more allegations in a notice of charges will be deemed to be an admission of that allegation or those allegations. Any allegation in a notice of charges that the respondent fails to expressly deny will be deemed to be admitted. A general denial by the respondent, without more, will not satisfy the requirements of paragraph (b) above.

XIV-7 Service of Notice of Charges

(a) Any notice of charges or other documents contemplated to be served pursuant to this Chapter XIV may be served (and service shall be deemed complete) upon the respondent either personally or by (i) leaving the same at his or her place of business or by deposit in the United States mail, postage prepaid, via registered or certified mail addressed to the respondent at the address as it appears on the books and records of the Exchange, or (ii) sending the same via electronic mail to the e-mail address of the respondent as it appears on the books and records of the Exchange.

XIV-8 Settlements

(a) A respondent or potential respondent may at any time propose in writing an offer of settlement to anticipated or instituted disciplinary proceedings. Any offer of settlement should contain proposed findings and sanctions and be signed by the respondent or potential respondent and submitted to the Compliance Department. A respondent or potential respondent may offer to settle disciplinary proceedings without admitting or denying the findings contained in the order of the disciplinary proceedings but must accept the jurisdiction of the Exchange over it and over the subject matter of the proceedings and consent to the entry of the findings and sanctions imposed.

(b) If a respondent or potential respondent submits an offer of settlement in accordance with paragraph (a) above, the Compliance Department will forward the offer to the Chief Compliance Officer with a recommendation on whether to accept or reject the offer. If the Chief Compliance Officer conditionally accepts an offer of settlement, the settlement will become final upon the expiration of twenty (20) Business Days after an order of the disciplinary proceedings consistent with the terms of the offer of settlement is served on the respondent.

(c) If an offer of settlement is accepted and the related order of disciplinary proceedings becomes final, the respondent's submission of the offer will be deemed to constitute a waiver of the right to notice, opportunity for a hearing and review and appeal under these Rules.

(d) If the offer of settlement of a respondent or potential respondent is not accepted, fails to become final or is withdrawn by the respondent or potential respondent, the matter will

proceed as if the offer had not been made and the offer and all documents relating to it will not become part of the record. Neither a respondent or potential respondent nor the Compliance Department may use an unaccepted offer of settlement as an admission or in any other manner at a hearing of, or appeal from, disciplinary proceedings.

XIV-9 Disciplinary Panel

(a) A disciplinary panel consisting of five (5) individuals selected by the Board of Directors from the Exchange's Hearing Panel Committee (with one individual acting as chairman) (the "Disciplinary Panel"), will conduct hearings in connection with any disciplinary proceedings, to make findings and impose sanctions pursuant to this Chapter XIV. A separate disciplinary panel will be established prior to the commencement of each disciplinary matter. No Disciplinary Panel shall be comprised in a manner such that any group or class of industry participants may reasonably be expected to dominate or exercise disproportionate influence on such panel. Each Disciplinary Panel shall consist of at least one individual who would qualify as a Public Director (if the individual was a director of the Exchange), except in cases limited to decorum, attire, or the timely submission of accurate records required for clearing or verifying each day's transactions. Members of the Compliance Department of the Exchange shall not be eligible to serve on a Disciplinary Panel.

(b) Within ten (10) Business Days of being notified of the appointment of the Disciplinary Panel, a respondent may seek to disqualify any individual named to the Disciplinary Panel for the reasons identified in Rule X-10 or for any other reasonable grounds, by serving written notice on the Chief Compliance Officer and providing a copy thereof to the Director of Hearings. By not timely filing a request for disqualification, the respondent will be deemed to have waived any objection to the composition of a Disciplinary Panel. The Chief Compliance Officer will decide the merits of any request for disqualification within his or her sole discretion. Any such decision will be final and not subject to appeal.

XIV-10 Convening Hearings of Disciplinary Proceedings

(a) All disciplinary proceedings (except for summary impositions of fines pursuant to Rule XIV-17) will be conducted at a hearing before the Disciplinary Panel. A hearing will be conducted privately and confidentially unless the Disciplinary Panel decides that the hearing, or any part of it, should be held in public after giving each respondent the opportunity to present its, his or her views on holding a public hearing. Notwithstanding the confidentiality of hearings, the Disciplinary Panel may appoint an expert to attend any hearing and assist in deliberations if such expert agrees to be subject to an appropriate confidentiality agreement.

(b) After reasonable notice to each respondent, the Disciplinary Panel will promptly (but in no event later than thirty (30) Business Days following such notice) convene a hearing to conduct the disciplinary proceedings with respect to such respondent. Parties to a disciplinary proceeding include each respondent and the Compliance Department.

(c) The chairman of the Disciplinary Panel may continue, adjourn or otherwise conduct the hearing, as he or she may deem appropriate. The chairman of the Disciplinary Panel will

determine all procedural and evidentiary matters, including the admissibility and relevance of any evidence proffered. In determining procedural and evidentiary matters, the chairman of the Disciplinary Panel will not be bound by any evidentiary or procedural rules or law. Once admitted during the hearing, the Disciplinary Panel may consider, and attach the weight it believes appropriate to, evidence or other materials. The Exchange will provide guidance to the chairman of the Disciplinary Panel on the conduct of the hearing.

(d) Except for procedural and evidentiary matters decided by the chairman of the Disciplinary Panel pursuant to paragraph (c) above and Rule XIV-11, unless each respondent otherwise consents, the entire Disciplinary Panel must be present during the entire hearing and any related deliberations.

XIV-11 Respondent Review of Evidence

(a) Prior to the commencement of a hearing, each respondent will be given the opportunity to review all books, records, documents, papers, transcripts of testimony and other tangible evidence in the possession or under the control of the Exchange that the Compliance Department will use to support the allegations and proposed sanctions in the notice of charges or which the chairman of the Disciplinary Panel deems relevant to the disciplinary proceedings. Notwithstanding the foregoing, no respondent will have the right to review, and the Exchange will have no obligation to disclose, any information protected by attorney-client privilege or any other privileges recognized by Applicable Law.

(b) If any books, records, documents, papers, transcripts of testimony, or other tangible evidence contain information that could adversely affect the competitive position of the Person providing the information or if such information might compromise other investigations being conducted by the Compliance Department, the Compliance Department may redact, edit or code such information before furnishing it to the respondent.

(i) Notwithstanding anything in paragraph (b) above to the contrary, the Compliance Department:

(ii) will not redact, edit or code competitive or investigative information contained in documents in a manner that would impair the respondent's ability to defend against the allegations or proposed sanctions in the notices of charges, and

(iii) will provide the respondent with access to the information and portions of the documents that the Compliance Department intends to rely on to support the allegations or proposed sanctions in the notice of charges.

(c) For purposes of this Rule VII-11, information that could adversely affect competitive positions include positions in Contracts currently held, trading strategies employed in

establishing or liquidating positions, the identity of any Participant or Responsible Trading Agent and the personal finances of the Person providing the information.

XIV-12 Conducting Hearings of Disciplinary Proceedings

(a) At a hearing conducted in connection with any disciplinary proceedings, the Compliance Department will present its case supporting the allegations and proposed sanctions in the notice of charges to the Disciplinary Panel. If a respondent has timely filed an answer to the notice of charges in accordance with Rule XIV-6, the respondent is entitled to attend and participate in the hearing.

(b) At a hearing conducted in connection with any disciplinary proceedings, the Disciplinary Panel or the Compliance Department and each respondent may:

(i) present evidence and facts determined relevant and admissible by the chairman of the Disciplinary Panel,

(ii) call and examine witnesses, and

(iii) cross-examine witnesses called by other parties.

(c) If the respondent fails to file an answer, has filed a general denial, or if any or all of the allegations in the notice of charges are not expressly denied in the respondent's answer, the chairman of the Disciplinary Panel may limit evidence concerning any allegations not expressly denied in determining the sanctions to impose. If a respondent fails to file an answer but appears at the hearing, the respondent may not participate in the hearing (by calling or cross-examining witnesses, testifying in defense, presenting evidence concerning the notice of charges, or otherwise) unless the Disciplinary Panel determines that the respondent had a compelling reason for failing to timely file an answer. If the Disciplinary Panel determines that the respondent had a compelling reason for failing to timely file an answer, the Disciplinary Panel will adjourn the hearing and direct the respondent to promptly file a written answer in accordance with Rule XIV-6.

(d) Any Person entitled, or required or called upon, to attend a hearing before a Disciplinary Panel pursuant to paragraph (b)(ii) above will be given reasonable notice, confirmed in writing, specifying the date, time and place of the hearing, and the caption of the disciplinary proceedings. The Exchange will require all Participants and Responsible Trading Agents that are called as witnesses to appear at the hearing and produce evidence. The Exchange will make reasonable efforts to secure the presence of all other Persons called as witnesses whose testimony would be relevant.

(e) If during any disciplinary proceedings the Disciplinary Panel determines that a reasonable basis exists to believe that the respondent violated or is about to violate a Rule of the Exchange or a provision of Applicable Law other than the violations alleged in the notice of

charges, the Disciplinary Panel may consider those apparent violations after providing the respondent with an opportunity to answer the additional allegations in accordance with Rule XIV-6. In connection with considering apparent violations pursuant to this paragraph (e), the Disciplinary Panel may request that the Compliance Department provide the Panel with any additional information.

(f) The Disciplinary Panel may summarily impose sanctions on any Participant or Responsible Trading Agent that impede or delay the progress of a hearing.

(g) The Exchange will arrange for any hearing conducted in connection with disciplinary proceedings to be recorded hearing verbatim, or substantially verbatim, in a manner capable of accurate transcription. If the respondent requests a copy of all or portions of the recording of a hearing, the chairman of the Disciplinary Panel may within his or her sole discretion order the respondent to pay the costs for transcribing the recording of the hearing.

(h) No interlocutory appeals of rulings of any Disciplinary Panel or chairman of the Disciplinary Panel are permitted.

XIV-13 Decision of Disciplinary Panel

(a) As promptly as reasonable following a hearing, the Disciplinary Panel will issue an order rendering its decision based on the weight of the evidence contained in the record of the disciplinary proceedings. A decision by a majority of the Disciplinary Panel will constitute the decision of the Disciplinary Panel.

(b) The Exchange will serve a copy of the order of the disciplinary proceedings on the respondent and the Compliance Department. The order will include:

(i) the notice of charges or summary of the allegations,

(ii) the answer, if any, or a summary of the answer,

(iii) a brief summary of the evidence introduced at the hearing,

(iv) findings of fact and conclusions concerning each allegation, including each specific Rule of the Exchange and provision of Applicable Law that the respondent is found to have violated,

(v) the imposition of sanctions, if any, and the effective date of each sanction; and

(vi) notice of the respondent's right to appeal pursuant to Rule XIV-16.

(c) Unless a timely notice of appeal is filed pursuant to Rule XIV-16, the order of the disciplinary proceedings will become final upon the expiration of twenty (20) Business Days after the order is served on the respondent and a copy thereof is provided to the Compliance Department.

XIV-14 Sanctions

(a) After notice and opportunity for hearing in accordance with these Rules, the Exchange will impose sanctions if a Participant or Responsible Trading is found to have violated or to have attempted to violate a Rule of the Exchange or provision of Applicable Law for which the Exchange possesses disciplinary jurisdiction. The Exchange may impose one or more of the following sanctions or remedies: (i) censure; (ii) limitation on Trading Privileges, association with a Participant or other activities, functions or operations; (iii) suspension of Trading Privileges or association with a Participant; (iv) fine (subject to paragraph (b) below); (v) restitution or disgorgement; (vi) termination of Trading Privileges; or (vii) any other sanction or remedy deemed to be appropriate.

(b) The Exchange may impose a fine of up to \$500,000 for each violation. If a fine or other amount is not paid within thirty (30) Business Days of the date that it becomes payable, then interest will accrue on the sum from the date that it became payable at the quoted prime rate plus three percent. The Exchange has sole discretion to select the bank on whose quotations to base the prime rate. Each Participant will be responsible for paying any fine or other amount imposed on, but not paid by, any Responsible Trading Agent authorized by, or other agent or representative of, such Participant.

(c) The Exchange will enforce the Rules and impose sanctions impartially.

XIV-15 Costs

(a) Regardless of the outcome of any disciplinary proceeding, the Disciplinary Panel may order a respondent to pay some or all of the costs associated with the disciplinary proceedings that the Disciplinary Panel believes were unnecessarily caused by the respondent. Costs may include costs associated with the inquiry or investigation, the prosecution by the Compliance Department, legal and professional assistance, the hearing and administrative and other expenses incurred by the Disciplinary Panel.

(b) The Disciplinary Panel may only award costs against the Exchange if the Panel concludes that the Exchange has behaved in a manifestly unreasonable manner in the commencement or conduct of the disciplinary proceedings in question. The Disciplinary Panel must limit any award of costs against the Exchange to an amount that the Panel concludes is reasonable and appropriate, but does not exceed the respondent's costs for external legal or other external professional assistance.

(c) The Disciplinary Panel may determine the amounts and allocation of costs in any manner it may deem appropriate. The Exchange or the respondent will pay any costs ordered to be paid by it by the Disciplinary Panel within thirty (30) Business Days of the later of either written notice of (i) the amount imposed by the Disciplinary Panel or (ii) the determination of an appeal by the Appeals Panel against the Disciplinary Panel's determination.

XIV-16 Appeal from Disciplinary Panel Decision, Summary Impositions of Fines and Other Summary Actions

(a) Each respondent found by the Disciplinary Panel to have violated a Rule of the Exchange or a provision of Applicable Law or who is subject to any summary fine imposed pursuant to Rule XIV-17 or any summary action imposed pursuant to Rule XIV-17 may appeal the decision within twenty (20) Business Days of receiving the order of the disciplinary proceedings or the notice of summary action, as the case may be, by filing a notice of appeal with the Chief Compliance Officer. While an appeal is pending, the effect of the order of disciplinary proceedings or the summary action (including any sanctions, remedies or costs imposed thereby) shall be suspended; *provided however*, any summary sanction entered under Rule XIV-18 shall continue in effect during the appeal.

(b) The notice of appeal must state in writing the grounds for appeal, including the findings of fact, conclusions or sanctions to which the respondent objects. An appellant may appeal the order of disciplinary proceedings or any summary decision on the grounds that:

(i) the decision was arbitrary, capricious, an abuse of discretion, or not in accordance with the Rules of the Exchange;

(ii) the decision exceeded the authority or jurisdiction of the Disciplinary Panel, the Chief Compliance Officer or the Exchange;

(iii) the decision failed to observe required procedures;

(iv) the decision was unsupported by the facts or evidence; or

(v) the imposed sanctions, remedies or costs are inappropriate or unsupported by the record.

(c) The Chief Compliance Officer will forward copies of any notice of appeals received by it to all parties to the disciplinary proceeding or summary action, as the case may be, except the appellant. On or before the 20th day after filing a notice of appeal, the appellant must file with the Chief Compliance Officer and serve on the Compliance Department a brief supporting the notice of appeal and documents supporting the brief. On or before the 20th day after the date on which the appellant serves their supporting brief, the appellee must file and serve its brief in opposition.

On or before the 10th day after the date on which the appellee serves its brief in opposition, the appellant must file and serve a brief in reply.

(d) In connection with any appeal, the Compliance Department will furnish to the Chief Compliance Officer and to the respondent/appellant a transcript of the hearing, any exhibits introduced at the hearing, the notice of appeal and briefs filed to support and oppose the appeal.

(e) Within thirty (30) Business Days after the last submission filed pursuant to paragraph (c) above, the Chief Compliance Officer will appoint the Appeals Panel to consider and determine the appeal. No member of the Disciplinary Panel that originally heard the matter may be a member of the Appeals Panel on such matter.

(f) The Appeals Panel may hold a hearing to allow parties to present oral arguments. Any hearing will be conducted privately and confidentially unless the Appeals Panel decides that the hearing, or any part of it, should be held in public after giving each appellant the opportunity to present their views on holding a public hearing. Notwithstanding the confidentiality of hearings, the Appeals Panel may appoint individuals to attend any hearing and assist in the deliberations if such individuals agree to be subject to appropriate confidentiality agreements. In determining procedural and evidentiary matters, the Appeals Panel will be bound by evidentiary or procedural rules or law.

(g) The Appeals Panel will only consider on appeal the record before the Disciplinary Panel or, in the case of a summary action, the record considered by the Chief Compliance Officer or the Chief Compliance Officer's Designee, the notice of appeal, the briefs filed in support and opposition of the appeal, and any oral arguments of the parties. The Appeals Panel may only consider new evidence when the Appeals Panel is satisfied that good cause exists on why the evidence was not introduced during the disciplinary proceeding or when imposing the summary action.

(h) After completing its review, the Appeals Panel may affirm or, only if it finds that the decision of the Disciplinary Panel or the Chief Compliance Officer that is under review, as the case may be, meets one of the criteria listed in Rule XIV-16(i) below, modify or reverse any order of the disciplinary proceedings or summary action under appeal, in whole or in part, including increasing, decreasing or eliminating any sanction or remedy imposed, imposing any other sanction or remedy authorized by the Rules of the Exchange, or remanding the matter to the same or a different Disciplinary Panel for further disciplinary proceedings or for reconsideration by the Chief Compliance Officer. The Appeals Panel may order a new hearing for good cause or if the Appeals Panel determines in its sole discretion that the appellant was not given a full and fair opportunity to make an argument in its favor and present supporting evidence.

(i) As described in Rule XIV-16(h) above, the Appeals Panel may modify or reverse any order of the disciplinary proceedings or summary action under appeal only if it finds that the decision was:

(i) Arbitrary, capricious, or an abuse of the discretion of the Disciplinary Panel, the Chief Compliance

Officer, or the Chief Compliance Officer's Designee, as the case may be;

(ii) In excess of the authority or jurisdiction of the Disciplinary Panel or the Chief Compliance Officer, as the case may be; or

(iii) Based on a clearly erroneous application or interpretation of the Rules of the Exchange or the applicable Contract Rules.

(j) As promptly as reasonably possible following its review, the Appeals Panel will issue a written decision on appeal rendering its decision based on the weight of the evidence before the Appeals Panel. The decision of the Appeals Panel will include a statement of findings of fact and conclusions for each finding, sanction, remedy and cost reviewed on appeal, including each specific Rule of the Exchange and provision of Applicable Law that the respondent is found to have violated, if any, and the imposition of sanctions, remedies and costs, if any, and the effective date of each sanction, remedy or cost.

(k) The Appeal Panel's written order on appeal (including findings of fact and conclusions and the imposition of sanctions, remedies and costs, and the effective date of any sanction, remedy cost) will be the final action of the Exchange and will not be subject to appeal within the Exchange.

(l) Within ten (10) Business Days of being notified of the appointment of the Appeals Panel, a respondent may seek to disqualify any individual named to the Appeals Panel for the reasons identified in this Rule XIV-16 or for any other reasonable grounds, by serving written notice on the Chief Compliance Officer and providing a copy thereof to the Director of Hearings. By not timely filing a request for disqualification, the respondent will be deemed to have waived any objection to the composition of an Appeals Panel. The Chief Compliance Officer will decide the merits of any request for disqualification within his or her sole discretion. Any such decision will be final and not subject to appeal.

XIV-17 Summary Imposition of Fines

(a) The Chief Compliance Officer may summarily impose a fine against any Person with Trading Privileges jointly and severally with such Participant through which Person has been granted Trading Privileges for failing:

(i) to make timely payments of margin, options premiums, fees, cost, charges or fines to the Exchange or the Clearinghouse,

(ii) to make timely and accurate submissions to the Exchange of notices, reports or other information required by the Rules of the Exchange, and

(iii) to keep any books and records required by the Rules of the Exchange.

(b) The Compliance Department, acting on behalf of the Chief Compliance Officer, will give notice of any fine imposed pursuant to this Rule XIV-17 to each Participant or Responsible Trading Agent subject thereto. The notice will specify (i) the violations of the Rules of the Exchange for which the fine is being imposed, (ii) the date of the violation for which the fine is being imposed and (iii) the amount of the fine. Within twenty (20) Business Days of serving the notice of fine, the Participant or Responsible Trading Agent, as the case may be, must either pay the fine or file notice of an appeal pursuant to Rule XIV-16. Unless timely notice of appeal is filed pursuant to Rule XIV-16, the fine will become final upon the expiration of twenty (20) Business Days after the notice of fine is served on the Participant or Responsible Trading Agent, as the case may be.

(c) The Exchange, in its sole discretion, may deduct the amount of any fine imposed pursuant to Rule XIV-17(b) directly from the Participant's Trading Account; *provided*, that the Exchange may not make such a deduction if the result would be to cause an Event of Default with respect to any Open Contract Positions then held in the Trading Account of such Participant.

(d) The Exchange will set the amount of any fines imposed pursuant to this Rule XIV-17, with the maximum fine for each violation not to exceed \$5,000. Summary imposition of fines pursuant to this Rule XIV-17 will not preclude the Exchange from bringing any other action against the Participant or Responsible Trading Agent, as the case may be.

XIV-18 Summary Suspensions and Other Summary Actions

(a) Notwithstanding anything in the Rules of the Exchange to the contrary, the Chief Compliance Officer or the Chief Compliance Officer's Designee, upon a good faith determination that there are substantial reasons to believe that such immediate action is necessary to protect the public or the best interests of the Exchange, may order that any party be denied access to the Trading System or the Exchange, or summarily limit, condition, restrict or qualify the Trading Privileges of a Participant or Responsible Trading Agent, and may take other summary action against any Participant or Responsible Trading Agent in accordance with the Rules of the Exchange; *provided, however*, that the Chief Compliance Officer or the Chief Compliance Officer's Designee in issuing an order denying access, may permit such party to enter Orders solely for the purpose of liquidating the Open Contract Positions of such Participant while the applicable suspension, limitation, condition, restriction or qualification of access is in effect.

(b) Promptly after an order is issued pursuant to paragraph (a), the party shall be informed of the action taken, the reasons for the action, the effective date and the duration of the action. The party shall also be informed of his or her right to appeal the action under Rule XIV-16. Whenever practicable, the Compliance Department, acting on behalf of the Chief Compliance Officer, shall provide such notice prior to taking the action.

(c) Unless timely notice of appeal is filed pursuant to Rule XIV-16, the summary action will become final upon the expiration of twenty (20) Business Days after the notice of action is served on the respondent.

(d) At the request of the Exchange or the Clearinghouse, a respondent against whom a summary action is brought pursuant to this Rule XIV-18 must provide books and records over which the respondent has access or control and must furnish information to, or appear or testify before, the Exchange or the Clearinghouse in connection with the enforcement of any Rule of the Exchange or Rule of the Clearinghouse.

(e) A respondent whose Trading Privileges are suspended, limited, conditioned, restricted or qualified pursuant to this Rule XIV-18 may apply for reinstatement by filing with the Compliance Department a written request stating the applicant's reasons for seeking reinstatement. The Exchange will not consider a respondent's request for reinstatement if the respondent (i) persists in the conduct which was the subject of the order denying access; (ii) owes any fines, fees, charges or costs to the Exchange, (iii) continues to fail to appear at disciplinary proceedings without good cause or (iv) continues to impede the progress of disciplinary proceedings.

(f) Within a reasonable period after the filing of a request for reinstatement, the Appeals Panel will conduct a hearing to consider the request. At the hearing for reinstatement, the respondent will present its, his or her case supporting the reinstatement and the Compliance Department, acting on behalf of the Chief Compliance Officer may, in its discretion, present its case opposing or supporting the reinstatement and each may present relevant and admissible evidence and facts and call, examine and cross-examine witnesses. At the hearing for reinstatement, the Exchange may require any Participant or any Responsible Trading Agent to appear as witnesses and produce evidence if the Appeals Panel determines that the evidence is relevant.

(g) As promptly as reasonably possible after a reinstatement hearing, the Appeals Panel will issue an order reinstating, denying the reinstatement, or placing conditions on the reinstatement of the Trading Privileges, or association with a Participant, of the respondent. The order will include a brief summary of the evidence introduced at the reinstatement hearing; and, if applicable, findings of fact and conclusions not contained in the Appeals Panel's initial order issued pursuant to Rule XIV-18(d) above. The Appeals Panel's order may not be appealed.

(h) Any decision to deny access pursuant to paragraph (a) shall not remain in effect for more than sixty (60) days unless the Chief Compliance Officer or the Chief Compliance Officer's Designee, upon further consideration of the circumstances giving rise to the order denying access, issues a separate order denying access for an additional period of time, not to exceed sixty (60) days. The party must be notified thereof prior to issuance of the second order, unless prior notice is impracticable. Such notice must meet the standards provided in paragraph (b). At any time, a party subject to an action under this Rule XIV-18, may petition the Chief Compliance Officer or the Chief Compliance Officer's Designee to reconsider an access denial pursuant to this Rule based upon materially changed circumstances.

XIV-19 Rights and Responsibilities after Suspension or Termination

(a) When the Trading Privileges of a Participant are, or the association of a Direct Access Customer or Responsible Trading Agent with a Participant is, suspended for a period of twelve (12) months or less, none of its rights and Trading Privileges (including the right to hold oneself out to the public as a Participant, enter Orders into the Exchange Trading System and receive Participant rates for fees, costs, and charges and deposit margin at Participant levels) will apply during the period of the suspension, except for the right of the Participant or Responsible Trading Agent in question to assert claims against others as provided in the Rules of the Exchange. Any such suspension will not relieve the Participant, Direct Access Customer or Responsible Trading Agent in question of its, his or her obligations under the Rules of the Exchange to perform any Contracts entered into before the suspension, or for any Exchange fees, costs, or charges incurred during the suspension. The Exchange may discipline a suspended Participant, Direct Access Customer or Responsible Trading Agent under this Chapter XIV for any violation of a Rule of the Exchange or provision of Applicable Law committed by the Participant before, during or after the suspension.

(b) When the Trading Privileges of a Participant are, or the association of a Direct Access Customer or Responsible Trading Agent with a Participant is, terminated, all of its rights and Trading Privileges will terminate, except for the right of the Participant, Direct Access Customer or Responsible Trading Agent in question to assert claims against others, as provided in the Rules of the Exchange. A terminated Participant or Responsible Trading Agent may only seek to reinstate its Trading Privileges by applying for Trading Privileges pursuant to Rule II-6 or Rule XXI-5. The Exchange will not consider the application of a terminated Participant, Direct Access Customer or Responsible Trading Agent if such Participant, Direct Access Customer or Responsible Trading Agent, as the case may be, continues to fail to appear at disciplinary proceedings without good cause or continues to impede the progress of disciplinary proceedings.

(c) A suspended or terminated Participant, Direct Access Customer or Responsible Trading Agent remains subject to the Rules of the Exchange and the jurisdiction of the Exchange for acts and omissions prior to the suspension or termination, and must cooperate in any inquiry, investigation, disciplinary proceeding, appeal of disciplinary proceedings, summary suspension or other summary action as if the suspended or terminated Participant, Direct Access Customer or Responsible Trading Agent still had Trading Privileges or was still associated with a Participant, as the case may be.

XIV-20 Notice to the Respondent, the CFTC and the Public

(a) The Exchange will provide written notice of disciplinary proceedings to the parties and the CFTC consistent with CFTC Regulations. Whenever the Exchange suspends, expels, fines or otherwise disciplines, or denies any Person access, to the Exchange, the Exchange will make the public disclosures required by CFTC Regulations.

CHAPTER XV ARBITRATION

(b) The Exchange may summarily suspend, pursuant to Chapter XIV, a Participant or Responsible Trading Agent that fails to satisfy an arbitration award rendered in any arbitration pursuant to this Chapter XV.

(b) Notwithstanding any provision of these Rules to the contrary, in the event of any conflict between a Rule in Parts A, B or C of this Rulebook and a specific Contract Rule in Chapter V for FMX Division Contracts or Chapter XXV for CX Division Contracts, the specific Contract Rules shall govern with respect to trading in the relevant Contract.

(c) Notwithstanding the generality of Rule XX-5(a) or anything to the contrary in Rule XXI-4, the Contract Rules for each individual Contract may specify:

(i) different classes of Participants eligible to trade such Contracts. Each such class of Participants shall have the rights and obligations specified by the Contract Rules for each such Contract; and

(ii) whether such Contract may be settled via cash settlement, physical delivery of the underlying commodity, or by any other means, as applicable.

CHAPTER XXI
ADMISSION TO TRADE ON CX DIVISION

XXI-1 CX Participants and CX Trading Accounts

(a) Each CX Participant and its Responsible Trading Agents shall have the right to access the Exchange Trading System, including the right to place Orders for Trading Accounts as provided in this Chapter.

(b) Upon application to the Exchange and an explanation of the reasons and uses therefore, the Exchange in its discretion may permit a CX Participant to maintain more than one Trading Account.

(c) In the event that the Exchange determines that Participants may be permitted to maintain more than one Trading Account, the CX Participant shall designate each of its Responsible Trading Agents to trade any or all of its Trading Accounts, provided that a Participant shall at all times be responsible for all of its Trading Accounts as set forth under these Rules.

(d) Subject to the requirements and procedures set forth in this Chapter, CX Trading Privileges shall be offered to all applicants eligible to be CX Participants, as determined by the Exchange, subject to any limitations or restrictions from time to time imposed by the Exchange. CX Trading Privileges are non-transferable, non-assignable, may not be sold or leased, and are specifically limited to trading on the CX Division. For the avoidance of doubt, a CX Participant may trade FMX Division Contracts on the FMX Division only if also admitted as an FMX Participant.

(e) By virtue of obtaining CX Trading Privileges, a CX Participant shall not obtain any equity or other interest in the Exchange, including voting rights or rights to receive any dividends or other distributions, whether arising from a dissolution, merger, consolidation involving the Exchange or otherwise, unless specifically so provided by agreement with the Exchange.

(f) For the avoidance of doubt, and notwithstanding anything to the contrary in these Rules, under no circumstances shall any employees, officers, directors or agents of the Exchange

(i) trade directly or indirectly in any commodity interest traded on the Exchange or cleared by the CX Clearinghouse, or in a related commodity interest; or

(ii) trade directly or indirectly in a commodity interest traded on a designated contract market or swap execution facility other than the Exchange or cleared by a derivatives clearing organization other than the Exchange's clearinghouse, if the employee, officer or director has access to material non-public information concerning such commodity interest.

XXI-2 Responsible Trading Agents

(a) Participants that are natural persons may act as their own Responsible Trading Agent or may appoint a third party as their Responsible Trading Agent, pursuant to a power of attorney or other instrument, in a form prescribed or approved by the Exchange, providing such third party with discretionary trading authority with respect to the CX Participant's Trading Account.

(b) A CX Participant that is an Entity may appoint an employee to act as its Responsible Trading Agent or may appoint a third party as its Responsible Trading Agent pursuant to a power of attorney or other instrument, in a form prescribed or approved by the Exchange, providing such third party with discretionary trading authority with respect to the CX Participant's Trading Account. A CX Participant that authorizes a third party to trade for its Trading Account on a discretionary basis pursuant to a power of attorney or other instrument must identify a specific natural person as its Responsible Trading Agent with respect to such Trading Account.

(c) Each Responsible Trading Agent that is an employee of a CX Participant that is an Entity and any CX Participant that is a natural person acting as their own Responsible Trading Agent pursuant to paragraph (a) above (i) may trade only for one CX Participant, and (ii) must satisfy any other requirements as may be prescribed by the Exchange from time to time. Each Responsible Trading Agent that is an employee of a third party with discretionary trading authority with respect to the Participant's Trading Account (i) must be a natural person, (ii) may have Trading Privileges with respect to the Trading Accounts of more than one Participant, and as applicable, (iii) must allocate contracts executed for such multiple accounts in a fair and equitable manner so that no account or group of accounts consistently receives favorable or unfavorable treatment over time, and (iv) must satisfy any other requirements as may be prescribed by the Exchange from time to time. Each CX Participant may at any time revoke its authorization to its Responsible Trading Agent by providing written notice of such revocation to the Exchange. A Participant shall take immediate measures appropriate to ensure that, after such revocation, (i) the affected Responsible Trading Agent shall not have access to the Exchange Trading System or (ii) the affected Responsible Trading Agent shall not utilize its User ID, and the Exchange shall act promptly, but in any event within one Business Day of receiving notice from the Participant, to disallow Order entry by any such Person.

XXII-9 Investment of Certain CX Participant Account Funds

CX Participant funds on deposit with the Exchange and funds in the Trading Accounts of such CX Participants (i.e., the account containing the funds paid by CX Participants to purchase or sell CX Division Contracts and which are to be used to pay CX Participants at expiration of CX Division Contracts) will be segregated in accordance with the CFTC's Regulations. The Exchange may invest such funds subject to the limitations and conditions set forth in CFTC Regulation 1.25. The Exchange will pay interest to CX Participants' Trading Accounts at a rate to be determined by the Exchange on funds in CX Participants' Trading Accounts in excess of an amount to be determined by the Exchange. (c) To facilitate compliance with Rule XXII-10(a) the Exchange, in its sole discretion and from its own funds, may advance funds for immediate use to a Participant's CX Clearing Account provided that:

- (i) Such Participant has Trading Privileges,
- (ii) such Participant has submitted a bona-fide Funds Deposit Request,
- (iii) such Funds Deposit Request is being processed in the normal course of banking transactions by the CX Clearinghouse, and
- (iv) such amount shall not exceed the lesser of the Funds Deposit Request or \$1,000.

(d) Notwithstanding the provisions of paragraph (c) of this Rule, in the event that any Funds Deposit Request has not cleared the Participant's issuing bank or the funds are otherwise deemed as non-collectable by the CX Clearinghouse then such Participant shall be subject to a summary fine not to exceed \$2,500 for each such Funds Deposit Request.

(e) Nothing hereinabove shall be deemed a limitation or waiver of the CX Clearinghouse's rights to enforce its own rules respecting the collection of Original Margin (as defined in the rules of the Clearinghouse).

(f) The Exchange shall review the maximum Order size for each Trading Account within fifteen (15) days of the end of each calendar quarter and at any other time at which the Participant deposits funds or withdraws funds from the Participant's Participant CX Clearing Account. The maximum Order size for any Trading Account may be revised by the Exchange at any of the foregoing times, or at any time that the Exchange determines it necessary to make any such revision based on market conditions, a Participant's trading activity or other reasons as the Exchange deems appropriate.

(g) Notwithstanding the imposition of the limits described in Rule XXII-4(b) and Rule XXII-4(c), the Participant shall remain solely responsible for compliance with the Rules of the Exchange and the Rules of the CX Clearinghouse.

(h) When a bid or offer for a CX Division Contract is entered into the Exchange Trading System such that a trade would execute (each such occurrence, a "Matched Trade"), the CX Clearinghouse shall undertake an immediate credit check prior to such Matched Trade being confirmed to any of the purchaser, the seller or the CX Clearinghouse. The credit check procedures shall be as follows:

(i) For liquidating Orders, or any portion of a Matched Trade that represents a liquidating quantity, the credit check shall "PASS".

(ii) For the establishment of new positions or an increase in size of existing positions, or any portion of a liquidating trade that would create a new position or add to an existing position, the credit check shall PASS if and only if the funds immediately available in the applicable CX Participant Clearing Account are greater than or equal to the Original Margin required to establish the new position or increase an existing position.

(iii) The credit check will "FAIL" if the funds immediately available in the applicable CX Participant Clearing Account are less than the Original Margin required to establish the new position or increase an existing position. In such case, the size of the Matched Trade shall be reduced such that the minimum quantity of Contracts that would PASS the credit check, if any, based on the level of Original Margin in the applicable CX Participant Clearing Account, will be matched. Any remaining portion of the purchaser's or seller's Order that would have passed the credit check had the purchaser or seller's Order originally been limited to such

amount shall be restored with its original price and time priority to the order book and any remaining portion of the purchaser's or seller's Order that failed the credit check shall be cancelled.

(i) If a standing Limit Order "FAILS", as described in Rule XXII-4(a), then the Exchange will notify the CX Participant of such event via email.

XXIII-4 Substitution

Where a CX Contract is cleared through the CX Clearinghouse, the CX Clearinghouse shall be deemed substituted as seller to the buyer and shall also be deemed substituted as buyer to the seller, and thereupon the CX Clearinghouse shall have all of the rights and be subject to all of the liabilities of the original parties with respect to such contract.
